President and Chief Executive Officer

-----  
PROXY STATEMENT  
-----

This Proxy Statement is furnished to the shareholders of HEICO Corporation ("HEICO" or the "Company") in connection with the solicitation of proxies by HEICO's Board of Directors for use at the Annual Meeting of Shareholders of HEICO to be held at the J.W. Marriott Miami Hotel, 1109 Brickell Avenue, Miami, Florida, 33131 on Friday, March 25, 2005 at 10:00 a.m., Eastern Standard Time. This Proxy Statement is first being mailed to shareholders on or about February 25, 2005.

At the annual meeting, the shareholders will be asked to elect a Board of Directors (Board); to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 31, 2005; and to vote on any other business which properly comes before the meeting.

The Board of Directors of HEICO urges you to promptly date, sign and mail your proxy, or to use the telephone or Internet voting systems set forth in the proxy, in the form enclosed with this Proxy Statement, to make certain that your shares are voted at the meeting. Proxies in the enclosed or other acceptable form that are received in time for the meeting will be voted. However, you may revoke your proxy at any time prior to its use by a revocation in writing or a later dated proxy that is received in sufficient time by HEICO prior to the Annual Meeting; and, if you attend the meeting, you may vote your shares in person.

If your proxy is received in time for the meeting, it will be voted in the manner specified by you in the proxy. If you do not specify a choice, the proxy will be voted as indicated in the form of proxy.

HEICO will bear the expense of soliciting proxies in the accompanying form. Solicitations will be by mail, and directors, officers and regular employees of HEICO may solicit proxies personally or by telephone, telegram or special letter. HEICO will also employ D. F. King & Co., 48 Wall Street, New York, New York 10005, to assist in soliciting proxies for a fee of \$5,500 plus related out-of-pocket expenses.

Only holders of record of HEICO Common Stock, \$0.01 par value per share (the "Common Stock"), and Class A Common Stock, \$0.01 par value per share (the "Class A Common Stock"), as of the close of business on January 18, 2005 will be entitled to vote at the meeting. On that date, there were outstanding 9,958,179 shares of Common Stock, each entitled to one vote, and 14,448,110 shares of Class A Common Stock, each entitled to 1/10th vote per share.

VOTING REQUIREMENTS

The presence, in person or by proxy, of the holders of a majority of the voting power of the shares of all classes of the Company's common stock entitled to vote shall constitute a quorum at the annual meeting of shareholders. If a quorum is present, the affirmative vote of a majority of the voting power of the shares of all classes of the Company's common stock represented in person or by proxy at the annual meeting and entitled to vote on the subject matter at the annual meeting shall be required to elect members of the Board of Directors.

A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such shareholder with respect to a particular matter ("non-voted shares"). This could occur, for example, when a broker is not permitted to vote shares held in "street name" on certain matters in the absence of instructions from the beneficial owner of the shares. Non-voted shares with respect to a particular matter will be counted for purposes of determining the presence of a quorum but will not be counted as shares present and

entitled to vote on such matter for purposes of voting, and therefore, will have no effect on matters brought to a vote at the annual meeting. Shares voted to abstain as to a particular matter and directions to "withhold authority" to vote for directors, will be counted for purposes of determining the presence of a quorum and will be counted as present and entitled to vote with respect to such matter for purposes of voting, and therefore, will have the effect of votes against the matters brought to a vote at the annual meeting.

Under the terms of the HEICO Savings and Investment Plan (the "Plan"), all shares allocated to the accounts of participating employees will be voted or not voted by the trustee of the Plan as directed by written instructions from the participating employees, and allocated shares for which no instructions are received and all unallocated shares will be voted by the trustee of the Plan in the same proportion as the shares for which instructions are received. Voting instruction cards are being mailed to all participants in the Plan. If a participant also owns shares outside the Plan, the participant must return both the proxy card and the voting instruction card as indicated on those cards in order to cause all of their shares to be voted in accordance with their instructions. To be assured that the trustee will receive voting instruction cards on a timely basis, voting instruction cards for shares in the Plan must be duly signed and received no later than March 23, 2005. The total number of shares in the Plan as of the record date represents approximately 9.76% of the voting power of all classes of common stock outstanding as of the record date and entitled to vote at the annual meeting.

The Nominating and Corporate Governance Committee will consider candidates recommended by shareholders (see the caption "Shareholder Proposals and Nominations" contained herein). In evaluating candidates for potential director nomination, the Nominating and Corporate Governance Committee will consider, among other things, candidates that are independent, if required; who possess personal and professional integrity; have good business judgment, relevant experience and skills; and who would be effective as a director in conjunction with the full Board of Directors in collectively serving the long-term interests of the Company's shareholders. All candidates will be reviewed in the same manner, regardless of the source of recommendation.

The Compensation Committee reviews and approves compensation of the Company's officers, key employees and directors. The Board of Directors has determined that each member of the Compensation Committee is independent in accordance with the New York Stock Exchange's listing standards. The annual report of the Compensation Committee is contained herein.

The Finance/Audit Committee oversees the quality and integrity of the accounting, auditing, internal control and financial reporting practices of the Company, including the appointment, compensation, retention and oversight of the work of the Company's independent auditor. The Finance/Audit Committee met four times in fiscal 2004 and its members consist of Mr. Morrison (Committee Chairman), Mr. Higginbottom, Mr. Pallot and Dr. Schriesheim. The Board of Directors has determined that each member of the Finance/Audit Committee is financially literate and independent in accordance with the New York Stock Exchange's listing standards and that Mr. Morrison is an "audit committee financial expert", as defined by the Securities and Exchange Commission (SEC). The annual report of the Finance/Audit Committee is contained herein.

The Environmental, Safety and Health Committee met three times in fiscal 2004 and its members consist of Dr. Schriesheim (Committee Chairman), Mr. Mayhuber, Mr. Eric Mendelson and Mr. Victor Mendelson. The Environmental, Safety and Health Committee also visits Company operating locations on a periodic basis.

The Stock Option Plan Committee administers the Company's stock option plans and has authority to grant options, to determine the persons to whom and the times at which options are granted, and to determine the terms and provisions of each grant. The Stock Option Plan Committee met one time in fiscal 2004 and its members consist of Mr. Morrison (Committee Chairman) and Mr. Higginbottom.

Committee Charters of the Nominating and Corporate Governance Committee, Compensation Committee and Finance/Audit Committee are available on the Company's website.

Each of the directors attended 75% or more of the meetings of the Board of Directors and committees on which he served in fiscal 2004. The Company does not have a formal policy regarding attendance by members of

the Board of Directors at the annual meeting of shareholders, but it encourages directors to attend and historically, most have done so. Six of the then seven members of the Board of Directors attended the 2004 annual shareholder meeting.

The non-management directors meet at least once per year in an executive session. The non-management directors elect a presiding director for each executive session among the chairs of Board committees on a rotating basis.

#### COMPENSATION OF DIRECTORS

Directors of the Company receive an annual retainer of \$35,000 and are required to purchase shares of HEICO common stock equivalent to one-third of the annual retainer (\$11,667). The Company accrues one-third of each directors' annual retainer and periodically purchases HEICO common stock on behalf of directors.

Directors are paid a fee of \$1,500 for each regular Board of Directors meeting attended and members of committees of the Board of Directors are paid a \$6,000 annual retainer for each committee served and \$1,000 for attendance at each committee meeting or site visit. In addition, committee chairmen are paid an annual retainer of \$2,500 for each committee chaired. During fiscal 2004, an aggregate of \$275,653 was paid or accrued to directors under the compensation arrangements described above (including \$73,945 to Samuel Higginbottom, \$50,878 to Wolfgang Mayrhofer, \$69,062 to Albert Morrison, Jr., \$6,179 to Joseph Pallot and \$75,589 to Dr. Alan Schriesheim), excluding amounts to Laurans A. Mendelson, Eric A. Mendelson and Victor H. Mendelson, which are reported in the Summary Compensation Table. Prior to March 1, 2004, per diem fees for other consulting services were paid to individual directors, as assigned by the Chairman of the Board, in the amount of \$600 per day. Effective March 1, 2004, such fees were discontinued. Through March of fiscal 2004, \$25,500 was paid to Samuel Higginbottom and \$1,200 to Dr. Alan Schriesheim for consulting services.

As of November 2003, the Company amended its Director's Retirement Plan to effectively freeze vested benefits. The Directors' Retirement Plan was adopted in 1991 in order to facilitate Director retirements and covered the then current directors of the Company. Four of the current eight Directors are covered under the Directors' Retirement Plan. Under the Directors' Retirement Plan, as amended, the four current Directors who are participants will receive annually the average retainer (\$19,000) such Director was paid during his service as a member of the Board of Directors payable in quarterly installments. These quarterly payments will continue for the same period of time that the participant served on the Board of Directors, not to exceed ten years. During fiscal 2004, \$88,175 was accrued pursuant to the Directors' Retirement Plan, while amounts totaling \$45,500 were paid, including \$4,750 to Samuel Higginbottom and \$4,750 to Dr. Alan Schriesheim.

#### RECOMMENDATION

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR EACH OF THE NOMINEES.

(1) Salary and bonus amounts include amounts deferred by executive officers pursuant to a non-qualified deferred compensation plan available to selected employees. Under such deferred compensation plan, selected employees elected to defer a portion of their compensation through December 31, 2004. Amounts deferred are immediately vested and invested in individually directed investment accounts. Earnings on such investment accounts, which are maintained by a trustee, accrue to the benefit of the individual.

(2) Represents Directors' fees.

(3) Information has been adjusted retroactively to give effect to a 10% stock dividend paid in shares of Class A Common Stock in January 2004.

- (4) Represents a special bonus related to the additional gain on the sale of Trilectron Industries, Inc. In fiscal 2000, the Company sold Trilectron for a substantial gain. In fiscal 2000, the Company paid cash bonuses to the executive officers contingent upon Trilectron's successful and profitable sale, but refrained from paying all of the amounts it reserved for these bonuses until such time as it could finally calculate the total sale gain due to expiration of certain contractual contingencies related to the sale. In fiscal 2002, when the gain became fully calculable, the Compensation Committee paid the balance of these bonus funds to several Company employees, including its executive officers.
- (5) These options were voluntarily cancelled by Mr. Laurans A. Mendelson during fiscal 2003.
- (6) Includes annual life insurance premiums paid by the Company of \$34,790 in fiscal 2004, fiscal 2003 and fiscal 2002. Amounts also include Company contributions to Mr. Laurans A. ## COMPENSATION COMMITTEE REPORT

### THE COMMITTEE

The Compensation Committee (the "Committee") consists entirely of Directors who are "independent" as defined under New York Stock Exchange rules. The Committee notes that none of its members are current or former employees or officers of the Company. The Committee generally makes all decisions concerning the Company's executive officers' compensation and all such decisions are reviewed by the full Board of Directors. However, decisions about stock options issued or to be issued under the 1993 or 2002 Stock Option Plans are made by the Stock Option Plan Committee (the "SOC"), which then presents its actions to the full Board of Directors for ratification. The SOC also consists of only "independent" directors.

### HOW THE COMMITTEE APPROACHES EXECUTIVE COMPENSATION

The Committee believes it must offer executives opportunities to receive meaningful compensation in order to attract them to HEICO and for them to remain in the Company's employ. The Committee recognizes that talented executives will, if not properly compensated, avail themselves of opportunities elsewhere which would place HEICO at a major disadvantage. HEICO is usually classified as a small-medium sized business which can be perceived by some executives as riskier than employment with the many large aerospace, defense and electronic companies in the marketplace. Similarly, numerous start-up businesses can offer executives major equity and other upside which companies our size are sometimes perceived to lack.

Simultaneously, the Committee wishes to ensure that its executives invest in HEICO, as the Committee believes that equity ownership leads to better results because the executives will view every success the Company has as their own and will feel every failure is theirs' as well. The Committee notes that the Company's executive officers all maintain significant personal investments in HEICO stock. The Committee also wants to ensure that executives will remain with the Company over the long term - - in both good times and in difficult times. Finally, the Committee wants to promote a culture whereby executives are rewarded when the Company or its shareholders do well.

The Committee recognizes that it is important to find a proper balance between short and long-term objectives. Generally, the Committee prefers to use cash compensation for shorter-term objectives and stock-based compensation for longer-term objectives. This provides a balance between an executive's personal financial needs and objectives for longer-term wealth accumulation consistent with the Board's desire to ensure HEICO's future growth and longevity. Similarly, placing sufficient emphasis on short-term performance through cash rewards should help ensure that executives focus on more immediate objectives as well.

Accordingly, the Company and the Committee rely primarily on the following four methods of compensation:

1. Base Cash Compensation. Utilizing a) external consultants, b) independent compensation research reports and studies, c) historical compensation data, d) knowledge of local markets, and e) personal knowledge of executives, the Committee establishes a base cash compensation rate to be paid to executives on a normal, periodic payroll basis over the course of the year. The Committee believes it is appropriate to adjust annual compensation based upon merit in the same manner the Company adjusts compensation for its employees generally. However, the Company's executive officers have typically asked the Committee to refrain from declaring base cash compensation increases to them in more challenging economic years. Thus, for example, the executive officers' base cash compensation was unchanged for approximately three years - - from January 2001 until March 2004. Recognizing the Company's dramatically improved financial performance and the fact that compensation freezes of such duration in successful companies such as HEICO (which performed admirably even during difficult times) are unusual, in March 2004 the Committee awarded compensation increases to the executive officers as set forth in this Proxy Statement.

2. Cash Incentive/Performance Bonus Compensation. In years when the Company experiences strong performance or improvement in performance, the Committee believes it is important to compensate the executive officers to allow them to share in the Company's success. Utilizing the same factors listed in the paragraph above, the Committee evaluates the Company's performance overall and its performance according to plans. It then approves a performance bonus, if it believes one is appropriate.

In years when the Company's overall performance does not reach desired levels (even if performance is still strong), the executive officers have previously requested, and the Committee agreed, that no regular bonuses be awarded to them. This last occurred in 2003 and 2002 following the massive industry downturn which resulted from the September 11, 2001 attacks. In 2002, the Committee awarded the remaining bonuses from the gain of the sale of the Company's former Trilectron Industries, Inc. ("Trilectron") subsidiary that were not paid upon Trilectron's sale in 2000. In 2000, when HEICO sold Trilectron for a large gain, the Company paid cash bonuses to the executive officers contingent upon Trilectron's successful and profitable sale, but refrained from paying all the amounts that were reserved for these bonuses until such time as it could finally calculate the total sale gain due to expiration of certain contractual contingencies related to the sale. In the second quarter of fiscal 2002, when the gain became fully calculable, the Committee paid the balance of those bonus funds to a number of Company employees, some of whom were executive officers. The Committee believes cash bonuses are typically best used to reward good near-term performance.

3. Stock-Based Compensation. Since 1990, the Company has awarded stock options to numerous employees believing that the employees benefit only when all shareholders benefit. The Company's practice is to grant options at no less than the closing price of the stock at the date of grant. A \$1.00 investment in HEICO shares in 1990 became worth \$15.65 on December 31, 2004 (adjusted for stock splits and stock dividends, but excluding all cash dividends). The Committee believes this is a result of the Company's substantial sales and earnings growth delivered by the Company's employees. Stock options granted to employees have delivered substantial returns to the employees. However, if the Company and its shareholders had not prospered, the employees would not have gained and the Company would not have incurred any costs. Further, compensating with stock options instead of cash-based compensation helps save the Company cash. The Committee believes that the share price performance is evidence of the fact that the marketplace does not discount HEICO stock as a result of stock options.

In granting stock options, the Committee and the SOC consider the factors discussed above with respect to Base Cash Compensation, as well as the past and expected contributions an executive made or is expected to make to the Company's success, the executive's level of personal contribution to the Company's success, the executive's financial investment in the Company, the executive's work ethic and other factors. The Committee believes stock options are best used to provide intermediate and long-term incentives and rewards.

The Committee notes that the Company's senior executives have historically exercised stock options and retained the shares issued, except for what they believed was required to cover taxes and exercise costs. The Committee believes this demonstrated a commitment to the Company and confidence in its future.

4. 401K, Other Miscellaneous. The Company's executives are eligible to participate in the HEICO Savings and Investment Plan, which is the Company's 401K plan, in the same manner as any similarly situated HEICO employees. However, under federal regulations, certain employees of the company (including executive officers Laurans A. Mendelson, Thomas S. Irwin, Eric A. Mendelson and Victor H. Mendelson) are limited in their participation in the Plan and may not receive the same level of benefits as other employees. The Committee also pays certain benefits, such as life insurance premiums, for certain executive officers, offers health benefits and other employment benefits common to executives and some employees at HEICO. The Committee believes, based upon the factors reflected in the first paragraph of this section, these are reasonable, customary and consistent with practices at other companies.

Overall, the Committee has had the opportunity to observe the Company's management and other executives for close to one and one-half decades and has concluded that its practices are appropriate and that they yield results. However, the Committee will continue to review its practices during the year and may, if it believes appropriate, change the practices to reflect its beliefs at that time.

#### CHIEF EXECUTIVE OFFICER COMPENSATION

The Chief Executive Officer's (the "CEO") compensation is reviewed each year by the Committee utilizing the factors previously mentioned in this report. In addition, the Committee considers the example that the CEO sets for employees, shareholders, customers, and others and evaluates the image that he projects. In addition to the factors listed in the prior section of this report, the Committee considers the CEO's candor with the Board, his work efforts and his overall success in accomplishing the Company's long and short-term objectives. Examples of the CEO's leadership included his request that his and other executive officers' salaries be frozen until such time as the Company's financial results were rising substantially. Under the CEO's leadership, the Company's sales increased from \$32,393,000 in fiscal 1994 to \$215,744,000 in fiscal 2004, while net income improved from \$1,851,000 to \$20,630,000 during the same period.

During the CEO's tenure, the Company's share value has dramatically appreciated - a \$1,000 investment in HEICO shares in 1990 became worth \$15,650 on December 31, 2004 (adjusted for stock splits and stock dividends, but excluding all cash dividends).

Further, the Committee takes into consideration the fact that the CEO had a very successful business career prior to investing in and becoming CEO of HEICO and he foregoes many other business opportunities in the Company's favor. Also, the Committee considers the fact that the Company's commercial bank requires that the CEO and his family maintain their involvement and positions with the Company as a condition to HEICO's credit facility.

The CEO has invested significant personal sums in the Company and continues to hold a major investment in it. The Committee believes that his financial commitment to the Company as a shareholder demonstrates his loyalty to HEICO and is indicative of the alignment of his personal interests with those of the rest of HEICO's shareholders. The Committee takes this into consideration when establishing his compensation.

Submitted by the Compensation Committee of the Company's Board of Directors:  
Samuel L. Higginbottom (Chairman), Wolfgang Mayrhuber, Albert Morrison, Jr. and Dr. Alan Schriesheim.

#### EMPLOYMENT AGREEMENTS

Thomas S. Irwin and the Company are parties to a key employee termination agreement which provides lump sum severance payment equal to two years' compensation if his employment is terminated within three years after a change in control of the Company (as defined in the key employee termination agreement).

## FINANCE/AUDIT COMMITTEE REPORT

The Finance/Audit Committee (the "Audit Committee") of the Board of Directors is composed entirely of four non-employee directors. The Board of Directors has determined that each member of the Audit Committee is financially literate and independent in accordance with the New York Stock Exchange's listing standards and that Mr. Morrison is an "audit committee financial expert," as defined by the Securities and Exchange Commission.

The purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility for the oversight of the quality and integrity of the accounting, auditing, internal control and financial reporting practices of the Company and such other duties as directed by the Board of Directors. The full responsibilities of the Audit Committee are set forth in its formal written charter, which was adopted by the full Board of Directors in 1999 and most recently amended in its entirety in December 2003.

Management is responsible for the Company's financial reporting process, including its system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditor, Deloitte & Touche LLP, is responsible for auditing those financial statements and for issuing an opinion as to whether those financial statements are, in all material respects, presented fairly in conformity with accounting principles generally accepted in the United States of America. The Audit Committee is responsible for monitoring and reviewing these processes, acting in an oversight capacity relying on the information provided to it and on the representations made by management and the independent auditor.

As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed with management the Company's audited financial statements as of and for the year ended October 31, 2004 and discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees". The Audit Committee received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees". The Audit Committee discussed and considered the independence of Deloitte & Touche LLP with representatives of Deloitte & Touche LLP, reviewing as necessary all relationships and services which might bear on the objectivity of Deloitte & Touche LLP. Deloitte & Touche LLP was provided with full access to the Audit Committee to meet privately and was encouraged to discuss any matter it desired with the Audit Committee or the full Board of Directors.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended October 31, 2004, for filing with the Securities and Exchange Commission.

Respectfully Submitted by the Finance/Audit Committee of the Company's Board of Directors:

Samuel L. Higginbottom, Albert Morrison, Jr. (Chairman), Joseph W. Pallot and Dr. Alan Schriesheim.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
(Proposal No. 2)

The Finance/Audit Committee has selected the firm of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 31, 2005. Deloitte & Touche LLP has served as the Company's independent registered public accounting firm since 1990.

Shareholder ratification of this selection is not required by the Company's By-laws or otherwise. However, the Finance/Audit Committee and full Board of Directors are requesting that shareholders ratify this appointment as a means of soliciting shareholders' opinions and as a matter of good corporate governance. If the shareholders do not ratify the selection, the Finance/Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Finance/Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines such change would be in the best interests of the Company and its shareholders.

One or more representatives of Deloitte & Touche LLP are expected to be present at the annual meeting on March 25, 2005. The representatives will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions from shareholders.

## PRE-APPROVAL OF SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

The Finance/Audit Committee (the "Committee") has adopted a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor. The Committee will consider annually and, if appropriate, approve the scope of the audit services to be performed during the fiscal year as outlined in an engagement letter proposed by the independent auditor. For permissible non-audit services, the Company will submit to the Committee, at least annually, a list of services and a corresponding budget estimate that it recommends the Committee engage the independent auditor to provide. To facilitate the prompt handling of certain unexpected matters, the Committee delegates to its Chairman the authority to approve in advance all audit and non-audit services below \$10,000 to be provided by the independent auditor if presented to the full Committee at the next regularly scheduled meeting. The independent auditor and Company will routinely inform the Committee as to the extent of services provided by the independent auditor in accordance with this pre-approval policy and the fees incurred for the services performed to date.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain subsidiaries of Lufthansa, for which Mr. Mayrhober serves as Chairman of the Executive Board and Chief Executive Officer, are customers of certain subsidiaries of the Company. Purchases made by such subsidiaries of Lufthansa represented in excess of five percent, but less than 10%, of the Company's consolidated gross revenues for the fiscal year ended October 31, 2004. The Company expects this customer relationship to continue in the current fiscal year. The Company believes that the terms of its transactions with Lufthansa are no less favorable to the Company than would have been obtained from an unrelated party, and that Mr. Mayrhober is not afforded any special benefits as a result of the Company's transactions with Lufthansa.

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of reports of ownership, reports of changes of ownership and written representations under Section 16(a) of the Securities Exchange Act of 1934, which were furnished to the Company during or with respect to fiscal 2004 by persons who were, at any time during fiscal 2004, directors or officers of the Company or beneficial owners of more than 10% of the outstanding shares of Common Stock or Class A Common Stock, no such person failed to file on a timely basis any report required by such section during fiscal 2004.

## SHAREHOLDER PROPOSALS AND NOMINATIONS

Any shareholder of the Company who wishes to present a proposal for action at the Company's next annual meeting of shareholders presently scheduled for March 14, 2006, or to nominate a director candidate for the Company's Board of Directors, must submit such proposal or nomination in writing to the Corporate Secretary at HEICO Corporation, 3000 Taft Street, Hollywood, Florida 33021. The proposal or nomination should comply with the time period and information requirements as set forth in the Company's By-laws relating to shareholder business or shareholder nominations, respectively. Shareholders interested in submitting a proposal for inclusion in the Proxy Statement for the 2006 annual meeting of shareholders may do so by following the procedures prescribed in SEC Rule 14a-8. To be eligible for inclusion, shareholder proposals must be received by the Company's Corporate Secretary at the herein above address no later than October 25, 2005.

#### SHAREHOLDER COMMUNICATION WITH THE BOARD OF DIRECTORS

Any shareholder of the Company who wishes to communicate with the Board of Directors, a committee of the Board, the non-management directors as a group or any individual member of the Board, may send correspondence to the Corporate Secretary at HEICO Corporation, 3000 Taft Street, Hollywood, Florida 33021. The Corporate Secretary will compile and submit on a periodic basis all shareholder correspondence to the entire Board of Directors, or, if and as designated in the communication, to a committee of the Board, the non-management directors as a group or an individual Board member.

#### SHAREHOLDERS SHARING THE SAME ADDRESS

The Company has adopted a procedure called "householding", which has been approved by the Securities and Exchange Commission. Under this procedure, a single copy of the annual report and proxy statement will be sent to any household at which two or more shareholders reside if they appear to be members of the same family, unless one of the shareholders at that address notifies us that they wish to receive individual copies. Shareholders who participate in householding will continue to receive separate proxy cards. Householding will not affect dividend mailings in any way. This procedure reduces the Company's printing costs and mailing fees.

If a single copy of the annual report and proxy statement was delivered to an address that you share with another shareholder and you wish to receive a separate copy of the 2005 annual report or this proxy statement, or if you do not wish to participate in householding and prefer to receive separate copies of future materials, or if you are sharing an address with another shareholder and are receiving multiple copies of annual reports or proxy statements and would like to request delivery of a single copy of annual reports or proxy statements, please call the Company at (954)-987-4000 or write to the Corporate Secretary at HEICO Corporation, 3000 Taft Street, Hollywood, Florida 33021.

#### GENERAL AND OTHER MATTERS

Neither HEICO nor the members of its Board of Directors intend to bring before the meeting any matters other than those referred to in the accompanying Notice of Meeting. They have no present knowledge that any other matters will be presented to be acted on pursuant to your proxy. However, if any other matters properly come before the meeting, the persons whose names appear in the enclosed form of proxy will have the discretionary authority to vote the proxy in accordance with their judgment.
