BY ORDER OF THE BOARD OF DIRECTORS

Chairman of the Board,
President and Chief Executive Officer
February 21, 2006

PROXY STATEMENT

This Proxy Statement is furnished to the shareholders of HEICO Corporation ("HEICO" or the "Company") in connection with the solicitation of proxies by HEICO's Board of Directors for use at the Annual Meeting of Shareholders of HEICO to be held at the J.W. Marriott Miami Hotel, 1109 Brickell Avenue, Miami, Florida, 33131 on Friday, March 27, 2006 at 10:00 a.m., Eastern Standard Time. This Proxy Statement is first being mailed to shareholders on or about February 28, 2006.

At the annual meeting, the shareholders will be asked to elect a Board of Directors (Board); to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 31, 2006; and to vote on any other business which properly comes before the meeting.

The Board of Directors of HEICO urges you to promptly date, sign and mail your proxy, or to use the telephone or Internet voting systems set forth in the proxy, in the form enclosed with this Proxy Statement, to make certain that your shares are voted at the meeting. Proxies in the enclosed or other acceptable form that are received in time for the meeting will be voted. However, you may revoke your proxy at any time prior to its use by a revocation in writing or a later dated proxy that is received in sufficient time by HEICO prior to the Annual Meeting; and, if you attend the meeting, you may vote your shares in person.

If your proxy is received in time for the meeting, it will be voted in the manner specified by you in the proxy. If you do not specify a choice, the proxy will be voted as indicated in the form of proxy.

HEICO will bear the expense of soliciting proxies in the accompanying form. Solicitations will be by mail, and directors, officers and regular employees of HEICO may solicit proxies personally or by telephone, telegram or special letter. HEICO will also employ D. F. King & Co., 48 Wall Street, New York, New York 10005, to assist in soliciting proxies for a fee of \$6,000 plus related out-of-pocket expenses.

Only holders of record of HEICO Common Stock, \$0.01 par value per share (the "Common Stock"), and Class A Common Stock, \$0.01 par value per share (the "Class A Common Stock"), as of the close of business on January 23, 2006 will be entitled to vote at the meeting. On that date, there were outstanding 10,159,603 shares of Common Stock, each entitled to one vote, and 14,625,436 shares of Class A Common Stock, each entitled to 1/10th vote per share.

VOTING REQUIREMENTS

The presence, in person or by proxy, of the holders of a majority of the voting power of the shares of all classes of the Company's common stock entitled to vote shall constitute a quorum at the annual meeting of shareholders. If a quorum is present, the affirmative vote of a majority of the voting power of the shares of all classes of the Company's common stock represented in person or by proxy at the annual meeting and entitled to vote on the subject matter at the annual meeting shall be required to elect members of the Board of Directors.

A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such shareholder with respect to a particular matter ("non-voted shares"). This could occur, for example, when a broker is not permitted to vote shares held in "street name" on certain matters in the absence of instructions from the beneficial owner of the shares. Non-voted shares with respect to a particular matter will be counted for purposes of determining the presence of a quorum but will not be counted as shares present and

entitled to vote on such matter for purposes of voting, and therefore, will have no effect on matters brought to a vote at the annual meeting. Shares voted to abstain as to a particular matter and directions to "withhold authority" to vote for directors, will be counted for purposes of determining the presence of a quorum and will be counted as present and entitled to vote with respect to such matter for purposes of voting, and therefore, will have the effect of votes against the matters brought to a vote at the annual meeting.

Under the terms of the HEICO Savings and Investment Plan (the "Plan"), all shares allocated to the accounts of participating employees will be voted or not voted by the trustee of the Plan as directed by written instructions from the participating employees, and allocated shares for which no instructions are received and all unallocated shares will be voted by the trustee of the Plan in the same proportion as the shares for which instructions are received. Voting instruction cards are being mailed to all participants in the Plan. If a participant also owns shares outside the Plan, the participant must return both the proxy card and the voting instruction card as indicated on those cards in order to cause all of their shares to be voted in accordance with their instructions. To be assured that the trustee will receive voting instruction cards on a timely basis, voting instruction cards for shares in the Plan must be duly signed and received no later than March 23, 2006. The total number of shares in the Plan as of the record date represents approximately 9.2% of the voting power of all classes of common stock outstanding as of the record date and entitled to vote at the annual meeting.

CORPORATE GOVERNANCE, BOARD COMMITTEES AND MEETINGS

During the fiscal year ended October 31, 2005, the Board of Directors held six meetings. The Board of Directors has determined that Mr. Higginbottom, Mr. Mayrhuber, Mr. Morrison, Mr. Pallot and Dr. Schriesheim have met the standards of independence as set forth in the Company's Corporate Governance Guidelines, which are consistent with the standards established by the New York Stock Exchange.

The full Board of Directors discussed and reviewed whether each Director was "independent" under New York Stock Exchange ("NYSE") rules. The Company has used these rules to determine whether a Director is independent. These rules state that a Director who has a "material" relationship with the Company will be deemed an "inside" or "non-independent" Director. As Messers Mendelson are all employed in executive positions with the Company, they are deemed "inside" or "non-independent" Directors. Under the NYSE rules, all other members of the Board are "independent," as they and their employers lack material relationships with the Company. The Board reviewed and confirmed this conclusion.

As noted above, Mr. Mayrhuber is Chairman of the Executive Board and Chief Executive Officer of Lufthansa. A Lufthansa subsidiary is a customer of the Company's Flight Support Group and owns 20% of the Flight Support Group. As HEICO's sales to Lufthansa and all of its subsidiaries constituted less than 2% of Lufthansa consolidated annual revenues, Mr. Mayrhuber is an "independent" under NYSE rules and the Company's Board came to the same conclusion, as, in addition to the foregoing and among other reasons, neither Lufthansa nor Mr. Mayrhuber receive any remuneration from HEICO, other than Mr. Mayrhuber's standard Directors fees paid to him for service as a Director of the Company.

The Board of Directors has an Executive Committee, a Nominating and Corporate Governance Committee, a Compensation Committee, a Finance/Audit Committee, an Environmental, Safety and Health Committee and a Stock Option Plan Committee. Committee member appointments are re-evaluated annually and approved by the Board of Directors at its next regularly scheduled meeting that follows the annual meeting of shareholders. Information regarding each of the current committees is as follows:

The Executive Committee has such powers as are delegated by the Board of Directors, which may be exercised while the Board of Directors is not in session, provided such powers are not in conflict with specific powers conferred to other committees or are otherwise contrary to law. The Executive Committee met two times in fiscal 2005 and its members consist of Mr. Laurans Mendelson (Committee Chairman), Mr. Mayrhuber, Mr. Higginbottom and Dr. Schriesheim.

The non-management directors meet at least once per year in an executive session. The non-management directors elect a presiding director for each executive session among the chairs of Board committees on a rotating basis.

COMPENSATION OF DIRECTORS

Directors of the Company receive an annual retainer of \$40,000 and are required to purchase shares of HEICO common stock equivalent to one-half of the annual retainer (\$20,000). The Company accrues one-half of each directors' annual retainer and periodically purchases HEICO common stock on behalf of directors.

Directors are paid a fee of \$2,000 for each regular Board of Directors meeting attended and members of committees of the Board of Directors are paid a \$6,500 annual retainer for each committee served and \$1,200 for attendance at each committee meeting or site visit. In addition, committee chairmen are paid an annual retainer of \$2,500 for each committee chaired. During fiscal 2005, an aggregate of \$413,720 was paid or accrued to directors under the compensation arrangements described above (including \$98,444 to Samuel Higginbottom, \$66,094 to Wolfgang Mayrhuber, \$89,994 to Albert Morrison, Jr., \$60,844 to Joseph Pallot and \$98,344 to Dr. Alan Schriesheim), excluding amounts to Laurans A. Mendelson, Eric A. Mendelson and Victor H. Mendelson, which are reported in the Summary Compensation Table.

As of November 2003, the Company amended its Director's Retirement Plan to effectively freeze vested benefits. The Directors' Retirement Plan was adopted in 1991 in order to facilitate Director retirements and covered the then current directors of the Company. Four of the current eight Directors are covered under the Directors' Retirement Plan. Under the Directors' Retirement Plan, as amended, the four current Directors who are participants will receive annually the average retainer (\$19,000) such Director was paid during his service as a member of the Board of Directors payable in quarterly installments. These quarterly payments will continue for the same period of time that the participant served on the Board of Directors, not to exceed ten years. During fiscal 2005, \$58,982 was accrued pursuant to the Directors' Retirement Plan, while amounts totaling \$74,000 were paid, including \$19,000 to Samuel Higginbottom and \$19,000 to Dr. Alan Schriesheim.

COMPENSATION COMMITTEE REPORT

COMMITTEE STRUCTURE

Our Compensation Committee (the "Committee") is designed so that only members of the Board of Directors (the "Board") who are independent as defined in New York Stock Exchange ("NYSE") regulations are members. This means that no member of the Committee is a current or former employee of the Company and no member of the Committee receives any remuneration from the Company, other than remuneration received for service as a Director. Generally, the Committee makes the compensation decisions for the Company's executive officers and reviews compensation implementation for other executives or managers within the Company. However, decisions about stock options issued or to be issued under the 1993 or 2002 Stock Option Plans are made by the Stock Option Plan Committee (the "SOC"), which then presents its actions to the full Board for ratification. The SOC also consists of only "independent" directors. As a rule of thumb, the Committee reports its actions and findings to the Board which, when appropriate, further approves or ratifies those actions or findings.

HOW THE COMMITTEE APPROACHES EXECUTIVE COMPENSATION AND ITS GENERAL VIEWS ABOUT EXECUTIVE COMPENSATION

Generally speaking, the Committee believes that it must reward executives with meaningful compensation for two reasons. First, the Committee feels that it is crucial to retain superior managers, while incentivizing them to reach increasingly difficult goals. Secondly, the Committee believes that it is fair to share the Company's success with its executive officers. Both of these philosophies are consistent with the philosophies employed by the Company's management in dealing with all of its Team Members.

In formulating appropriate compensation, the Committee recognizes the many opportunities available to its executives in private equity transactions, real estate transactions, other public company transactions and business opportunities, generally. Therefore, the Committee believes it must offer sufficient compensation and recognition to its executives in order to highly motivate them and retain their services. Additionally, there are numerous other, larger aerospace and defense companies which offer substantial benefit packages not offered by HEICO.

The Board has accepted and deeply agrees with management's approach to driving the business based upon profits, not revenues. Therefore, it does not believe in compensating executives solely based upon the Company's revenue base, but rather more on the Company's profitability, including, among other things, the Company's profit margins, profit growth and cash flow.

In doing this, the Committee seeks to find an appropriate balance between short-term and long-term Company goals. The Company's executive officers have shown a history of successfully balancing these goals and have even sacrificed their short-term results and compensation in order to ensure HEICO's growth in later years. For example, following the September 11, 2001 attacks, many companies reduced their research and development spending in order to preserve short-term profits. HEICO's executive officers, with the Board's consent, actually increased its product development spending in order to reap greater results when its industry recovered. This had the effect of reducing short-term results and the executives' compensation. The Company started witnessing the major benefits from these actions in 2003 and the momentum from this decision has continued to increase. Therefore, the Committee believes that it is important to pay both cash compensation and issue stock options (although it has not issued stock options to the executive management in more than 2 years) to help strike the desired short/long-term balance.

The Committee primarily relies on 4 methods of compensating its executive officers and other managers:

1. Base Cash Compensation. The Committee relies on a variety of factors, including the following items, in determining appropriate base compensation levels:
 - a. External consultants;
 - b. Independent compensation research reports and studies;
 - c. Historical compensation data;
 - d. Knowledge of local markets; and
 - e. Personal knowledge of the executives.

The Committee also believes it is proper to adjust compensation on an annual basis in the manner consistent with general corporate employment practices. In doing so, it looks at the merits of each executive officer's efforts, results, loyalty to the Company and the factors listed above. The Committee notes, however, that in years when the Company's financial results did not meet internal expectations, usually as a result of completely external factors unrelated to management or its efforts, such as the September 11, 2001 attacks or the SARS epidemic, the executive officers have asked, and the Committee has agreed, that no increase would be made to their base compensation. Conversely, in years of exemplary performance, the Committee has rewarded executives with more significant increases.

2. Cash Incentive/Performance Bonus Compensation. As is the case with Base Cash Compensation, the Committee believes that bonus awards are crucial during years when the Company realizes financial success. The Committee utilizes the same factors mentioned above in the section concerning Base Cash Compensation. The Committee believes it must, in addition, maintain a discretionary approach to bonuses to avoid the sometimes harsh results to both the Company and an executive from a purely formulaic approach.

In difficult years, such as 2001, 2002 and 2003, when the Company's financial results suffered as a result of completely external events unrelated to management, the Committee, as suggested and requested by management itself, did not declare regular bonuses. In the past, when the Company realized special gains from unique asset sales, it has rewarded its executive officers appropriately.

The Committee believes that Cash Incentive/Performance Bonus Compensation is an important element in short-term incentive compensation and, again, the Committee evaluates the Company's earnings performance much more than it evaluates overall sales levels. The Committee is pleased to note that HEICO's overall profitability is often greater than the levels of companies with much larger sales than HEICO's. The Committee believes it would be unwise to compensate management mostly based on revenues, as opposed to profitability, as this might incentivize managers to generate low margin revenues which can create greater cash needs for the Company.

The top 4 highest paid executive officers received bonus compensation equal to 50% of their total cash compensation. In setting the executive officers' bonuses for fiscal 2005, the Committee considered numerous factors, including, but not limited to, the Company's financial performance in excess of its budget, the 37% improvement in operating income and 25% improvement in sales over the prior fiscal year, management's efforts on the Company's behalf and external compensation reports which clearly stated that their bonuses should equal 50% of their total cash compensation.

3. Stock-Based Compensation. The Company has not awarded stock options to any of the executive officers since fiscal 2003. However, the Committee believes that stock options are an important incentivization in compensation methods that benefits employees only when all shareholders benefit. The Company's practice has been to grant options at no less than the closing price of the stock on the date of grant. A \$1.00 investment in HEICO shares in 1990 became worth \$18.21 on December 31, 2005 (adjusted for stock splits and stock dividends, but excluding all cash dividends). The Committee believes this increase in share price results from the Company's enormous earnings and sales growth,

as well as the Company's increased product range, customer base and structure. Options granted in the past only benefited employees if all other shareholders benefited and the Company incurred no further cash compensation expense. This helped the Company preserve cash for growth and working capital purposes.

The Company did not grant Restricted Stock or Performance Shares to any employees in fiscal 2005 and it has not been the Company's practice to issue them.

With respect to stock options, the Committee notes that the Company's senior executives have historically exercised their stock options and retained most of the shares issued, except what they believed was required to cover taxes and exercise costs. The Committee believes this demonstrated a commitment to the Company and confidence in its future.

4. 401K, Other Miscellaneous. The Company did not award Deferred Compensation, Supplemental Retirement Benefits, Gross-ups or Post-Retirement Packages to any of the executive officers in fiscal 2005. However, virtually all Company employees, including the executives, are eligible to participate in the HEICO Savings and Investment Plan, which is the Company's 401K plan, in the same manner as any similarly situated HEICO employee. Further, each executive contributes to the Plan a portion of his compensation. However, under federal regulations, none of our top executive officers receive the full benefit of the Plan, as they are limited in their participation in the Plan and may not receive the same level of benefits as other employees

With respect to perquisites, the Company pays certain limited benefits, such as life insurance premiums, for certain executive officers, offers health benefits and other benefits common to executives and some employees at HEICO. Any non-HEICO business, purely personal travel (air or otherwise) is not paid for by the Company, but is paid for by the executive.

Based upon the factors discussed above in computing compensation and the Committee's opportunity to observe the Company's management and other executives for approximately 15 years, it believes that its practices are appropriate and have yielded excellent results, which speak for themselves. These results include the enormous growth in the Company's sales, earnings and stock price while the Committee followed these policies.

CHIEF EXECUTIVE OFFICER COMPENSATION

The Chief Executive Officer's ("CEO") Compensation is set by the Committee based upon the factors mentioned above with respect to the Committee's Compensation Policies. The Committee evaluates the CEO's compensation formally every 6 months and considers, among other things, the example he sets for employees, stockholders, customers, and others and it evaluates the image that he projects on the Company's behalf. The Committee also considers the CEO's high level of candor with the Board, his overall efforts, his overall success in accomplishing the Company's goals (both long-term and short-term goals). During difficult periods, the CEO has requested that he not be awarded any bonuses and that his and other executive officers' salaries be frozen until such time as the Company's financial results rose substantially. Under the CEO's leadership, the Committee has observed the Company's sales increase from \$26,239,000 in fiscal 1990 to \$269,647,000 in fiscal 2005, while net income improved from a loss of (\$519,000) in fiscal 1990 to \$22,812,000 in fiscal 2005.

As noted above, during this CEO's tenure, the Company's share value has dramatically appreciated - a \$1,000 investment in HEICO shares in 1990 became worth \$18,210 on December 31, 2005 (adjusted for stock splits and stock dividends), but excluding all cash dividends).

The Committee must also consider the fact that the CEO had a very successful business career prior to joining HEICO and receives many offers to join other endeavors on a regular basis whereby he could receive greater remuneration. The Committee believes the CEO's continuing commitment to the Company is of great importance.

Further, the Company's banking line of credit requires that the CEO and his family maintain their involvement and position with the Company as a condition to HEICO's credit facility.

Finally, as we always note, the CEO has invested significant personal sums in the Company and continues to hold a major investment in it. The Company believes that his financial commitment to the Company as a shareholder demonstrates his loyalty to HEICO and is indicative of the alignment of his personal interests with those of the rest of HEICO's shareholders.

Submitted by the Compensation Committee of the Board of Directors: Samuel L. Higginbottom (Chairman), Albert Morrison, Jr. and Dr. Alan Schriesheim.

EMPLOYMENT AGREEMENTS

Thomas S. Irwin and the Company are parties to a key employment termination agreement which provides lump sum, severance pay equal to 2 years compensation if this employee is terminated within 3 years after change or control of the Company (as defined in the key employment termination agreement).

FINANCE/AUDIT COMMITTEE REPORT

The Finance/Audit Committee (the "Audit Committee") of the Board of Directors is composed entirely of four non-employee directors. The Board of Directors has determined that each member of the Audit Committee is financially literate and independent in accordance with the New York Stock Exchange's listing standards and that Mr. Morrison is an "audit committee financial expert," as defined by the Securities and Exchange Commission.

The purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility for the oversight of the quality and integrity of the accounting, auditing, internal control and financial reporting practices of the Company and such other duties as directed by the Board of Directors. The full responsibilities of the Audit Committee are set forth in its formal written charter, which is available on HEICO's website at www.heico.com.

Management is responsible for the Company's financial reporting process, including establishing and maintaining its internal control over financial reporting, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditor, Deloitte & Touche LLP, is responsible for auditing those financial statements and for expressing an opinion as to whether those financial statements are, in all material respects, presented fairly in conformity with accounting principles generally accepted in the United States of America. Deloitte & Touche LLP is also responsible for expressing an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on its audit. The Audit Committee is responsible for monitoring and reviewing these processes, acting in an oversight capacity relying on the information provided to it and on the representations made by management and the independent auditor.

As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed with management the Company's audited financial statements as of and for the year ended October 31, 2005 and discussed with Deloitte & Touche LLP the matters required to be discussed by PCAOB Interim Auditing Standard AU Section 380, "Communication with Audit Committees". The Audit Committee received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees". Deloitte & Touche LLP was provided with full access to the Audit Committee to meet privately and was encouraged to discuss any matter it desired with the Audit Committee or the full Board of Directors.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended October 31, 2005, for filing with the Securities and Exchange Commission.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal No. 2)

The Finance/Audit Committee has selected the firm of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 31, 2006. Deloitte & Touche LLP has served as the Company's independent registered public accounting firm since 1990.

Shareholder ratification of this selection is not required by the Company's By-laws or otherwise. However, the Finance/Audit Committee and full Board of Directors are requesting that shareholders ratify this appointment as a means of soliciting shareholders' opinions and as a matter of good corporate governance. If the shareholders do not ratify the selection, the Finance/Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Finance/Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines such change would be in the best interests of the Company and its shareholders.

One or more representatives of Deloitte & Touche LLP are expected to be present at the annual meeting on March 27, 2006. The representatives will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions from shareholders.

RECOMMENDATION

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING OCTOBER 31, 2006.

PRINCIPAL ACCOUNTING FIRM FEES

The following table presents the aggregate fees billed to the Company by Deloitte & Touche LLP during the fiscal years ended October 31, 2005 and 2004:

	2005	2004
	-----	-----
Audit Fees (1)	\$ 1,368,000	\$ 379,000
Audit-Related Fees (2)	17,000	13,000
Tax Fees (3)	214,000	145,000
All Other Fees	-	6,000
	-----	-----
Total Fees	\$ 1,599,000	\$ 543,000
	=====	=====

- - - - -
- (1) Audit Fees consist of fees billed for services rendered for the annual audit of the Company's consolidated financial statements, the audit of management's assessment of its internal control over financial reporting, the audit of the effectiveness of the Company's internal control over financial reporting, the review of condensed consolidated financial statements included in the Company's quarterly reports on Form 10-Q and services that are normally provided in connection with statutory and regulatory filings or engagements. The increase in aggregate fees billed for Audit Fees in fiscal 2005 over fiscal 2004 principally reflects incremental fees associated with compliance with the Sarbanes-Oxley Act of 2002.
- (2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements that are not reported under the caption "Audit Fees". The category includes fees related to audit of the HEICO Savings and Investment Plan and consultation related to acquisitions or other business transactions.
- (3) Tax Fees consist of fees billed for services rendered for tax compliance.

PRE-APPROVAL OF SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

The Finance/Audit Committee (the "Committee") has adopted a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor. The Committee will consider annually and, if appropriate, approve the scope of the audit services to be performed during the fiscal year as outlined in an engagement letter proposed by the independent auditor. For permissible non-audit services, the Company will submit to the Committee, at least annually, a list of services and a corresponding budget estimate that it recommends the Committee engage the independent auditor to provide. To facilitate the prompt handling of certain unexpected matters, the Committee delegates to its Chairman the authority to approve in advance all audit and non-audit services below \$10,000 to be provided by the independent auditor if presented to the full Committee at the next regularly scheduled meeting. The independent auditor and Company will routinely inform the Committee as to the extent of services provided by the independent auditor in accordance with this pre-approval policy and the fees incurred for the services performed to date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain subsidiaries of Lufthansa, for which Mr. Mayrhober serves as Chairman of the Executive Board and Chief Executive Officer, are customers of certain subsidiaries of the Company. Purchases made by such subsidiaries of Lufthansa represented in excess of five percent, but less than 10%, of the Company's consolidated gross revenues for the fiscal year ended October 31, 2005. The Company expects this customer relationship to continue in the current fiscal year. The Company believes that the terms of its transactions with Lufthansa are no less favorable to the Company than would have been obtained from an unrelated party, and that Mr. Mayrhober is not afforded any special benefits as a result of the Company's transactions with Lufthansa. See page 9 for additional information.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of reports of ownership, reports of changes of ownership and written representations under Section 16(a) of the Securities Exchange Act of 1934, which were furnished to the Company during or with respect to fiscal 2005 by persons who were, at any time during fiscal 2005, directors or officers of the Company or beneficial owners of more than 10% of the outstanding shares of Common Stock or Class A Common Stock, no such person failed to file on a timely basis any report required by such section during fiscal 2005.

SHAREHOLDER PROPOSALS AND NOMINATIONS

Any shareholder of the Company who wishes to present a proposal for action at the Company's next annual meeting of shareholders presently scheduled for March 26, 2007, or to nominate a director candidate for the Company's Board of Directors, must submit such proposal or nomination in writing to the Corporate Secretary at HEICO Corporation, 3000 Taft Street, Hollywood, Florida 33021. The proposal or nomination should comply with the time period and information requirements as set forth in the Company's By-laws relating to shareholder business or shareholder nominations, respectively. Shareholders interested in submitting a proposal for inclusion in the Proxy Statement for the 2007 annual meeting of shareholders may do so by following the procedures prescribed in SEC Rule 14a-8. To be eligible for inclusion, shareholder proposals must be received by the Company's Corporate Secretary at the herein above address no later than October 31, 2006.

SHAREHOLDER COMMUNICATION WITH THE BOARD OF DIRECTORS

Any shareholder of the Company who wishes to communicate with the Board of Directors, a committee of the Board, the non-management directors as a group or any individual member of the Board, may send correspondence to the Corporate Secretary at HEICO Corporation, 3000 Taft Street, Hollywood, Florida 33021. The Corporate Secretary will compile and submit on a periodic basis all shareholder correspondence to the entire Board of Directors, or, if and as designated in the communication, to a committee of the Board, the non-management directors as a group or an individual Board member.

SHAREHOLDERS SHARING THE SAME ADDRESS

The Company has adopted a procedure called "householding", which has been approved by the Securities and Exchange Commission. Under this procedure, a single copy of the annual report and proxy statement will be sent to any household at which two or more shareholders reside if they appear to be members of the same family, unless one of the shareholders at that address notifies us that they wish to receive individual copies. Shareholders who participate in householding will continue to receive separate proxy cards. Householding will not affect dividend mailings in any way. This procedure reduces the Company's printing costs and mailing fees.

If a single copy of the annual report and proxy statement was delivered to an address that you share with another shareholder and you wish to receive a separate copy of the 2006 annual report or this proxy statement, or if you do not wish to participate in householding and prefer to receive separate copies of future materials, or if you are sharing an address with another shareholder and are receiving multiple copies of annual reports or proxy statements and would like to request delivery of a single copy of annual reports or proxy statements, please call the Company at (954)-987-4000 or write to the Corporate Secretary at HEICO Corporation, 3000 Taft Street, Hollywood, Florida 33021.

GENERAL AND OTHER MATTERS

Neither HEICO nor the members of its Board of Directors intend to bring before the meeting any matters other than those referred to in the accompanying Notice of Meeting. They have no present knowledge that any other matters will be presented to be acted on pursuant to your proxy. However, if any other matters properly come before the meeting, the persons whose names appear in the enclosed form of proxy will have the discretionary authority to vote the proxy in accordance with their judgment.
