PROXY STATEMENT

This Proxy Statement is furnished to the shareholders of HEICO Corporation (collectively, "HEICO," "we," "us," "our" or the "Company") in connection with the solicitation of proxies by HEICO's Board of Directors (the "Board") for use at the Annual Meeting of Shareholders of HEICO (the "Annual Meeting") to be held at the Conrad Miami, 1395 Brickell Avenue, Miami, Florida 33131, on Friday, March 19, 2021 at 10:00 a.m. Eastern Daylight Time. If you plan to attend the Annual Meeting, you can obtain directions to the Conrad Miami from the hotel's website at <http://conradhotels3.hilton.com/en/hotels/florida/conrad-miami-MIACICI/about/directions.html>. In accordance with the rules of the Securities and Exchange Commission, we are furnishing our proxy materials, including this proxy statement and our Annual Report on Form 10-K, to our shareholders primarily via the Internet. On February 5, 2021, we began mailing to most of our shareholders a Notice of Internet Availability of Proxy Materials that contains instructions on how to access our proxy materials on the Internet. For shareholders who have requested physical copies, this Proxy Statement, form of proxy and Annual Report on Form 10-K are first being mailed to shareholders on or about February 10, 2021.

At the Annual Meeting, the shareholders will be asked to: (1) elect a Board of Directors for the ensuing year; (2) hold an advisory vote on executive compensation; (3) ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 31, 2021; and (4) vote on any other business as may properly come before the meeting or any adjournments thereof.

The Board of Directors of HEICO urges you to promptly date, sign and mail your proxy, or to use the telephone or Internet voting systems set forth in the proxy or the Notice of Internet Availability of Proxy Materials, in the form enclosed with this Proxy Statement, to make certain that your shares are voted at the Annual Meeting. Proxies enclosed, or in other acceptable forms, that are received in time for the Annual Meeting will be voted. However, you may revoke your proxy at any time prior to its use by a revocation in writing to the Corporate Secretary at the Company's principal executive offices at 3000 Taft Street, Hollywood, Florida 33021 or a later dated proxy that is received in sufficient time by HEICO prior to the Annual Meeting and, if you attend the Annual Meeting, you may vote your shares in person.

If your proxy is received in time for the Annual Meeting, it will be voted in the manner specified by you in the proxy. If you do not specify a choice, the proxy will be voted as indicated in the form of proxy.

We will bear the expense of soliciting proxies in the accompanying form. Solicitations will be by mail and in some cases by telephone and/or email, and our directors, officers and regular employees may solicit proxies personally or by telephone, telegram or special letter. Our directors, officers and regular employees will receive no compensation in connection with the solicitation of proxies. We will also employ D. F. King & Co., 48 Wall Street, New York, New York 10005, to assist in soliciting proxies for a fee of \$6,500 plus related out-of-pocket expenses.

Only holders of record of HEICO Common Stock, \$0.01 par value per share ("Common Stock"), and Class A Common Stock, \$0.01 par value per share ("Class A Common Stock"), as of the close of

business on January 22, 2021 (the "Record Date") will be entitled to vote at the Annual Meeting. On that date, there were outstanding 54,195,165 shares of Common Stock, each entitled to one vote, and 81,048,788 shares of Class A Common Stock, each entitled to 1/10th vote per share.

Voting Requirements

The presence, in person or by proxy, of a majority of the shares of all classes of HEICO's common stock entitled to vote shall constitute a quorum at the Annual Meeting. If a quorum is present, approval of Proposals 1, 2 and 3 require the affirmative vote of a majority of the shares of all classes of HEICO's common stock represented at the meeting in person or by proxy and entitled to vote on the subject matter.

A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such shareholder with respect to a particular matter ("non-voted shares"). This could occur, for example, when a broker is not permitted to vote shares held in "street name" on certain matters in the absence of instructions from the beneficial owner of the shares. Under the New York Stock Exchange ("NYSE") rules, a broker does not have the discretion to vote on Proposals 1 and 2. Non-voted shares with respect to a particular matter will be counted for purposes of determining the presence of a quorum but with respect to Proposals 1 and 2 will have no effect on the outcome of such proposals. Under the NYSE rules, a broker has the discretion to vote on Proposal 3. Shares voted to abstain as to a particular matter will be counted for purposes of determining the presence of a quorum and will count as a vote against such matter.

Under the terms of the HEICO Savings and Investment Plan (the "401(k) Plan"), all shares allocated to the accounts of participating employees will be voted or not voted by the trustee of the 401(k) Plan as directed by written instructions from the participating employees, and allocated shares for which no instructions are received and all unallocated shares will be voted by the trustee of the 401(k) Plan in the same proportion as the shares for which instructions are received. Voting instruction cards are being mailed to all participants in the 401(k) Plan. If a participant also owns shares outside the 401(k) Plan, the participant must return both the proxy card and the voting instruction card as indicated on those cards in order to cause all of their shares to be voted in accordance with their instructions. To be assured that the trustee will receive voting instruction cards on a timely basis, voting instruction cards for shares in the 401(k) Plan must be duly signed and received no later than March 15, 2021. The total number of shares in the 401(k) Plan as of the Record Date represents approximately 2.9% of the voting power of all classes of common stock outstanding as of the Record Date and entitled to vote at the Annual Meeting.

DEAR FELLOW SHAREHOLDERS

February 5, 2021 – For the first time ever, we are foregoing our “glossy” printed annual report and we are sending only an expanded proxy statement to you. Over the last few years, we’ve learned that people prefer to learn about HEICO from our website and other means—and we believe we can provide you with the information you need in this format, so we decided that we could reduce our carbon footprint and save money by eliminating the annual report this year.

Late last month, we sent you a letter accompanying our most recent dividend payment. We feel that letter remains an appropriate description of events at HEICO over the past year, so we are mostly repeating it below. We believe that HEICO’s historical success is very much due to what we call “HEICO Culture and Strength.” While this HEICO Culture and Strength is ultimately distilled down to financial characteristics, it exists because of, and rests upon, the following pillars:

- HEICO’s remarkable and cooperative culture among Team Members which emphasizes quality, advancement, honesty and fair dealing;
- HEICO’s placement of our customers and Team Members first;
- HEICO’s unceasing investment in new products and services;
- HEICO’s emphasis of cash flow generation;
- HEICO’s healthy balance sheet;
- HEICO’s acquisition program where we acquire excellent businesses for fair prices.

By adhering to these principals, our Company achieved compound annual growth of 19%, 18% and 15% in operating income, net income and net revenues,

respectively, since 1990. Although we took a step back with the rest of the world and our industry in fiscal 2020, HEICO performed admirably as a result of its diversified operations, Team Member dedication, expense controls and strong market positions.

Investors seem to recognize HEICO’s strength. A recent research report ranked HEICO as the ninth best performing stock of the past 30 years, out performing well-known companies like Apple, Netflix and Microsoft.

During fiscal 2020, this enabled HEICO to generate \$409.1 million in cash flow from operating activities, to complete six acquisitions, including four during the COVID-19 pandemic, and to continue investing significantly in new product and service development. As previously reported, we started the year with a record first quarter which continued well into our second quarter. Unfortunately, as the pandemic unfolded, the commercial aviation industry declined precipitously in a matter of weeks as worldwide air travel virtually ceased. This made for a very challenging balance of our second quarter and an even harder third quarter. Fortunately, our fiscal fourth quarter witnessed a substantial improvement from our fiscal third quarter earnings, which helps anchor our optimism for improvement at some point in 2021.

Because HEICO maintained very low debt levels, while also maintaining high cash levels, we were never concerned about surviving the pandemic. Having been through prior downturns, we understood clearly how to both sustain our business and flourish during the recovery. We felt it crucial that we not sacrifice HEICO’s long-term success due to what we believed would be a short-term setback. We were, and remain, convinced that HEICO would thrive once the health emergency passed.

Investors seem to recognize HEICO's strength too, a recent research report ranked HEICO as the ninth best performing stock of the past 30 years.

Our primary concern became protecting our Team Members and finding a way to avoid the mass layoffs imposed by other companies in our industry. We first turned our attention to health and safety by coordinating critical safety practices and health monitoring in our facilities, including ensuring adequate supplies of sanitizing items and protective gear, while having those who could work remotely do so.

We also recognized that work levels would be dramatically lower for some time for our commercial aviation-focused businesses and that they needed to lower their cost burden, but we were determined to do so in the most humane and respectful way possible. Though we minimized outright layoffs, we regretted that the cost reductions meant job losses for some, while it meant reduced work hours and temporary pay reductions for others, which included 20% pay reductions for the entire corporate staff and the Board of Directors. The corporate-level pay cuts were removed later in the fiscal year as conditions began improving, but remained in place for the three of us, other members of the Company's most-senior management and the Board of Directors until February 1, 2021 to demonstrate continuing cost-containment leadership.

Fortunately, and as a testament to our Company's strength, even though fiscal 2020 saw more than its share of tough challenges brought on by the Pandemic, HEICO also experienced some very positive occurrences, which include:

- HEICO declared its 84th and 85th consecutive semiannual cash dividends since 1979
- HEICO increased its revolving credit facility to \$1.5 billion and extended its term
- HEICO completed six acquisitions, four of which happened during the Pandemic

- HEICO subsidiaries provided critical components on major space missions, including NASA's Mars 2020/Perseverance Launch
- HEICO subsidiaries continued to win important contracts, like a contract with the Belgian Air Force

As we write this letter, we are optimistic about the fiscal year ahead and beyond. While no one, including us, knows exactly how the recovery will evolve, we are confident that commercial aviation will recover as more people are vaccinated and that our other businesses should prosper overall. We continue to work on numerous acquisitions, particularly of businesses being sold by their entrepreneur-founder-manager who is looking for an excellent home for their business where culture and integrity are important to them. Further, our practice of investing heavily in new product development is yielding its typical results and we are gratified we didn't sacrifice those efforts during 2020's most difficult months.

As always, we thank you, all of our wonderful Team Members, our Board of Directors and our customers for your support and confidence. During this most difficult of times, that support and confidence help demonstrate why this Company is so unique.

Sincerely,

Laurans A. Mendelson Eric A. Mendelson Victor H. Mendelson

We believe the HEICO's Culture and Strength discussed in the opening letter to our fellow shareholders is responsible for HEICO's extraordinary sales, income and shareholder performance over more than thirty years. The following graphs and tables display that performance and the Shareholder graphs include a comparison to the New York Composite Index, the Dow Jones U.S. Aerospace Index and a group of peer stocks enumerated on page 23. We believe these factors help validate the Board's policies discussed herein.

He has also served as our Chief Executive Officer since February 1990 and served as our President from September 1991 through September 2009. Mr. Mendelson is a member of the Board of Governors of the Aerospace Industries Association ("AIA") in Washington, D.C., of which HEICO is a member. He is the former Chairman of the Board of Trustees, former Chairman of the Executive Committee and a current member of the Society of Mount Sinai Founders of Mount Sinai Medical Center in Miami Beach, Florida. In addition, Mr. Mendelson is a Trustee Emeritus of Columbia University in the City of New York, where he previously served as Trustee and Chairman of the Trustees' Audit Committee. Early in his career, Mr. Mendelson was a licensed and practicing Certified Public Accountant in the states of Florida and New York, though he no longer practices and his license is inactive. Laurans Mendelson is the father of Eric Mendelson and Victor Mendelson. Laurans Mendelson is considered an "inside" director under NYSE rules.

Mr. Mendelson's 31 years of solid and successful leadership of the Company, his demonstrated expertise and vast experience in the aerospace and electronic technologies industries and his background in finance, accounting and audit make him ideally suited to serve on the Board. The impact of Mr. Mendelson's investment and acquisition acumen has led directly to the significant value creation for shareholders through the Company's substantial growth since 1990; he has a unique ability to recognize and capitalize on growth opportunities at the opportune time. Laurans Mendelson and his family are significant Company shareholders, which aligns their interests with other shareholders and reflects their commitment to the Company.

Victor Mendelson is the son of Laurans Mendelson and the brother of Eric Mendelson. Victor Mendelson is considered an "inside" director under NYSE rules.

Mr. Mendelson's experience and expertise, garnered by serving the Company in a variety of roles over the past 31 years, make him uniquely qualified to serve on the Board because he understands the Company's operations and strategy very well. As the founder of the Company's Electronic Technologies Group, he has extensive knowledge and experience, particularly in the electronic technologies, defense and space segments, which have experienced significant growth under his stewardship. Further, as the Company's former General Counsel for 15 years, he is familiar with the Company's matters, including contractual relationships, the Company's numerous acquisitions and legal strategies, all of which is remains involved in. Victor Mendelson and his family are significant Company shareholders, which aligns their interests with other shareholders and reflects their commitment to the Company.

Dr. Alan Schriesheim
Director

Dr. Alan Schriesheim is retired from the Argonne National Laboratory, where he served as Director from 1984 to 1996, and currently holds the distinction of Director Emeritus. Dr. Schriesheim has deep experience and is accomplished in business, science and technology. Through his long service on the Company's Board, Dr. Schriesheim intimately understands the Company, its people and its evolution, rendering him a unique resource to other Board members.

Frank J. Schwitter
Director

Frank J. Schwitter served 38 years with Arthur Andersen LLP, where he was a partner and the Managing Director of the Firm's International Business Program from 1982 to 1996. Mr. Schwitter has been a Partner with the investment firm, 1624 Capital LLC, since February 2013. In 2014, he was appointed to the Accounting and Audit Committee of the New York Athletic Club where he continues to serve as an active member. Mr. Schwitter has also been engaged principally as a consultant for law and accounting firms from 1998 to 2010. From 1996 to 1998, Mr. Schwitter served as Senior Business Advisor and Technical Consultant to Prasetyo Utomo & Co. in Indonesia. Mr. Schwitter also served as an officer and director of a number of business organizations including the Foreign Policy Association, the Business Council for International Understanding, Council of the Americas, the Long Island Association of Business and the Huntington Chamber of Commerce. Mr. Schwitter is a Certified Public Accountant in New York State. Additionally, Mr. Schwitter is a veteran of the United States Air Force. Mr. Schwitter is considered an "independent" director under NYSE rules.

Mr. Schwitter brings to the Board a wealth of knowledge in finance and accounting at both the domestic and international levels. His prior experience as a partner of one of the largest accounting firms at that time, has provided him with a solid foundation from which to assess and advise on the Company's internal controls, financial strategy, financial reporting and interactions with the Company's independent registered public accounting firm. His strong leadership skills, acquired during many years of senior management, are a complement to the Board's composition.

Board Leadership Structure

Within the Board's purview is the determination as to whether the roles of Chief Executive Officer and Chairman of the Board should be combined or separate. HEICO believes a combined role of Chairman of the Board and Chief Executive Officer, along with Board committees that are chaired by independent directors (with the exception of the Executive Committee chaired by Mr. Laurans Mendelson) is the appropriate leadership structure for the Company at this time, and is one that provides exceptional value to HEICO and its shareholders. Mr. Mendelson has vast expertise in the aerospace, defense and electronics industries and a proven track record of successful leadership, as evidenced by HEICO's substantial and consistent revenue, net income, cash flow and share value growth in the past 31 years, even though the period saw several economic downturns. The combined role fosters open communication between the Board and management team, provides both groups with unified leadership and promotes efficient development and execution of the Company's strategic plan.

The independent directors meet as frequently as they desire, but at least once per year, in an executive session. The independent directors elect a presiding director to act as the lead independent director for each executive session among the chairs of the committees of the Board on a rotating basis.

Board Risk Oversight

While the Company's management team takes primary responsibility for risk management, the Board plays a large role in the oversight, evaluation and strategy for handling the material risks facing the Company. The risk environment in which HEICO currently operates includes a variety of risks, both financial and operational, some of which may manifest themselves in unforeseen ways, which may affect our ability to anticipate, fully comprehend, mitigate or respond to them. At regular intervals, HEICO's management team presents the Board with reports on the status of critical risks that are currently affecting or have the potential to impact the business. These reports are designed to provide the Board with timely identification of the nature of any risks, so they may respond appropriately.

The Board addresses risk management at both the full Board and committee levels. The full Board oversees risks that may impact HEICO and its subsidiaries as a whole, with particular emphasis on operational and strategic risk; while each committee oversees specific areas of risk within its purview. The full Board is responsible for oversight of HEICO's cybersecurity risks. To this end, the full Board receives regular reports from management on system vulnerabilities and security measures in effect to deter or mitigate breaches or hacking activities. The Finance/Audit Committee is responsible for oversight of HEICO's financial risks, including the adequacy of internal controls, compliance, financial reporting, and tax positions. To this end, the Finance/Audit Committee meets regularly with the Company's internal and external auditors to ensure visibility into pending risks and the mitigation of the financial and non-financial impact of these risks. The Nominating and Corporate Governance Committee is responsible for the oversight of the Company's directorship policies and practices, succession

planning and the evaluation and recommendation of qualified Board candidates. Other Board committees also consider areas of risk within their particular subject matter, for example, the Compensation Committee considers the areas of risk related to the compensation policy and programs of the Company.

Director Independence

The Board of Directors has determined that Mr. Culligan, Mr. Henriques, Mr. Hildebrandt, Ms. Neitzel, Dr. Schriesheim and Mr. Schwitter have met the standards of independence as set forth in the Company's Corporate Governance Guidelines, which are consistent with the standards established by the NYSE.

The full Board of Directors discussed and reviewed whether each director was "independent" under NYSE rules. The Board of Directors has used these rules to determine whether each director is independent. These rules state that a director who has a "material" relationship with the Company will be deemed an "inside" or "non-independent" director. As Laurans, Eric and Victor Mendelson are all employed in executive positions with the Company, they are deemed "inside" or "non-independent" directors.

As Mr. Culligan, Mr. Henriques, Mr. Hildebrandt, Ms. Neitzel, Dr. Schriesheim, and Mr. Schwitter and their employers lack material relationships with the Company, they are deemed "independent" under NYSE rules. The Board of Directors reviewed and confirmed these conclusions.

Board Committees

The Board of Directors has the following standing committees: an Executive Committee, a Nominating and Corporate Governance Committee, a Compensation Committee, a Finance/Audit Committee, an Environmental, Safety and Health Committee, and a Stock Option Plan Committee. From time to time, special committees for a limited purpose and duration may be established. Committee member appointments to the standing committees are re-evaluated annually and approved by the Board of Directors at its next regularly scheduled meeting that follows the Annual Meeting of Shareholders. Information regarding each of the standing committees follows.

The Executive Committee has such powers as are delegated by the Board of Directors, which may be exercised while the Board of Directors is not in session, provided such powers are not in conflict with specific powers conferred to other committees or are otherwise contrary to law. The Executive Committee did not meet during fiscal 2020 and its members currently consist of Mr. Laurans Mendelson (Committee Chairman), Mr. Henriques and Dr. Schriesheim.

The Nominating and Corporate Governance Committee assists the Board of Directors in identifying and recommending to the Board qualified individuals to be nominated as directors; makes recommendations concerning committee membership and appointments; periodically reviews and recommends to the Board of Directors updates to the Company's Corporate Governance Guidelines; assists the Board and the Company in interpreting and applying the Company's Corporate Governance Guidelines and

Code of Business Conduct; and oversees the annual evaluation of management and of the Board of Directors. The Nominating and Corporate Governance Committee met three times in fiscal 2020 and its members consist of Mr. Hildebrandt (Committee Chairman) and Dr. Schriesheim. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is "independent" in accordance with the NYSE's listing standards.

Prior to nominating an existing director for re-election to the Board of Directors, the Nominating and Corporate Governance Committee will consider the existing director's independence, if required, skills, performance and meeting attendance. The Nominating and Corporate Governance Committee will consider candidates recommended by shareholders (see the caption "Shareholder Proposals and Nominations" contained herein). All candidates will be reviewed in the same manner, regardless of the source of recommendation. In evaluating candidates for potential director nomination, the Nominating and Corporate Governance Committee will consider, among other things, candidates that are independent, if required; who possess personal and professional integrity; have good business judgment, relevant experience and skills; and who would be effective as a director in conjunction with the full Board of Directors in collectively serving the long-term interests of our shareholders. While we do not have a formal policy on diversity, when considering the selection of director nominees, the Nominating and Corporate Governance Committee considers individuals with diverse backgrounds, viewpoints, accomplishments, cultural background and professional expertise, among other factors.

The Compensation Committee reviews and approves compensation of our officers, key employees and directors. For further information on the Compensation Committee's processes and procedures for consideration and determination of executive compensation, see the "Compensation Discussion and Analysis" section contained herein. Pursuant to the terms of its charter, the Compensation Committee may form and delegate any or all of its responsibilities to subcommittees, as it deems appropriate. In addition, the Compensation Committee reviews and discusses with management the Compensation Discussion and Analysis and based on the review and discussion, recommends its inclusion in the proxy statement. The Compensation Committee met three times in fiscal 2020 and its members consist of Mr. Hildebrandt (Committee Chairman), Ms. Neitzel, and Dr. Schriesheim. The Board of Directors has determined that each member of the Compensation Committee is "independent" in accordance with the NYSE's listing standards. The report of the Compensation Committee regarding the Compensation Discussion and Analysis is contained herein.

The Finance/Audit Committee, which is established in accordance with Section 3(a)(58)(A) of the Securities and Exchange Act of 1934, as amended, oversees the quality and integrity of our accounting, auditing, internal control and financial reporting practices, including the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The Finance/Audit Committee also advises the Board of Directors regarding transactions presenting a potential conflict of interest between the Company and any member of the

Board of Directors or any executive officer. The Finance/Audit Committee met four times in fiscal 2020 and its members consist of Mr. Schwitter (Committee Chairman), Mr. Henriques, Mr. Hildebrandt, Ms. Neitzel and Dr. Schriesheim. The Board of Directors has determined that each member of the Finance/Audit Committee is "financially literate" and "independent" in accordance with the NYSE's listing standards and that Mr. Schwitter is an "audit committee financial expert," as defined by the Securities and Exchange Commission. The report of the Finance/Audit Committee is contained herein.

The Environmental, Safety and Health Committee meets with our senior management and oversees compliance in all matters relating to federal and state environmental, safety and health regulations. The Environmental, Safety and Health Committee met three times in fiscal 2020 and its members currently consist of Dr. Schriesheim (Committee Chairman), Mr. Culligan, Mr. Eric Mendelson, and Mr. Victor Mendelson. The Environmental, Safety and Health Committee also visits our operating locations on a periodic basis.

The Stock Option Plan Committee administers our stock option plans and has authority to grant options, to determine the persons to whom and the times at which options are granted, and to determine the terms and provisions of each grant. The Stock Option Plan Committee met one time in fiscal 2020 and its members currently consist of Mr. Hildebrandt (Committee Chairman) and Mr. Culligan, who are both considered "independent" under NYSE listing standards

The Nominating and Corporate Governance Committee, Compensation Committee and the Finance/Audit Committee are governed by written charters relating to corporate governance matters. All Board of Directors Committee Charters, Corporate Governance Guidelines, as well as HEICO's Code of Business Conduct are located on HEICO's website at www.heico.com under the Investors tab.

Board Meetings

During the fiscal year ended October 31, 2020, the Board of Directors held five meetings. During fiscal 2020, each director attended 100% of the meetings of the Board of Directors and committees on which they served. While we do not have a formal attendance policy, all Board of Directors members attended the 2020 Annual Meeting of Shareholders.

Compensation Committee Interlocks and Insider Participation

Mr. Hildebrandt, Ms. Neitzel and Dr. Schriesheim served as members of the Compensation Committee during fiscal 2020. No member of the Compensation Committee was an officer or employee of the Company during fiscal 2020 or was formerly an officer of the Company. During the fiscal year ended October 31, 2020, none of HEICO's executive officers served on the board of directors or compensation committee of any other entity whose directors or executive officers served either on HEICO's Board of Directors or on HEICO's Compensation Committee.

Compensation of Directors

Effective May 1, 2020 all director compensation was reduced by 20%. The Board voluntarily took this action to help reduce the impact from the COVID-19 Pandemic (the "Pandemic") on HEICO and to recognize that some HEICO Team Members would be subject to reduced wages, furloughs or layoffs. On December 18, 2020, recognizing an improved outlook and better operating results, the Compensation Committee approved terminating the reductions and restoring the full compensation of directors, effective February 1, 2021. As such, the amounts in the paragraphs below reflect fully restored director compensation amounts, even though our Directors received less compensation in fiscal 2020 and the first quarter of fiscal 2021.

Our directors are required to purchase shares of HEICO common stock equivalent to approximately 63% (or \$120,000) of their annual retainer of \$190,000. Directors may purchase these shares on their own behalf or have the Company complete the purchases for them using funds the Company withholds from their retainers.

Directors are paid a fee of \$2,000 for each regular Board of Directors meeting attended and members of committees of the Board of Directors are paid a \$10,000 annual retainer for each committee served and \$1,200 for attendance at each committee meeting or site visit. In addition, committee chairmen are paid an annual retainer of \$10,000 for each committee chaired.

The Directors' Retirement Plan, which was adopted in 1991 in order to facilitate director retirements and covered our then current directors, was amended as of November 2003 to effectively freeze vested benefits. One of our current nine directors is covered under the Directors' Retirement Plan and he will receive annually \$19,000 payable in quarterly installments. At the election of such director, these quarterly payments begin either at age 70 or upon retirement from the Board of Directors and continue for the same period of time that the participant served on the Board of Directors, not to exceed ten years. In addition, payments have concluded in fiscal 2020 to the estate of a former director who was covered under the Directors' Retirement Plan. During fiscal 2020, \$3,303 was accrued pursuant to the Directors' Retirement Plan and \$4,750 was paid to the estate of a former director.

Director Compensation Table

The table below summarizes the compensation paid to our non-employee directors during fiscal 2020.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" EACH OF THE NOMINEES.

COMPENSATION DISCUSSION AND ANALYSIS

Because our compensation methods and their results have remained essentially the same during the past several years, this Compensation Discussion & Analysis ("CD&A"), which is submitted by the Compensation Committee of the Company's Board of Directors (the "Committee"), is again substantially similar to the prior year's CD&A. This CD&A should be read in conjunction with the compensation tables contained elsewhere in this proxy statement. References to our "named executive officers" in this CD&A are to the persons set forth in the compensation tables.

Our shareholders again expressed support for the Company's compensation approach last year with an approval rate of approximately 94% of votes cast on the matter at our Annual Meeting in 2020 and approved, on an advisory basis, the compensation of our named executive officers. Our shareholders previously adopted an annual interval for "management say on pay." Our existing compensation policies and decisions are consonant with our compensation philosophy and objectives discussed below and align the interests of our named executive officers with the Company's short- and long-term goals.

Compensation Background Data

Substantial Growth

For nearly three decades, the Committee has applied the same deliberate and consistent principles which have succeeded in retaining and incentivizing our management over a long period of time. Accordingly, when setting compensation, the Committee considers the following key facts:

- HEICO achieved 23% compound annual growth in Total Shareholder Return⁽¹⁾ from 1990 through October 31, 2020
- HEICO achieved 18% compound annual net income growth from fiscal 1990 through fiscal 2020
- HEICO achieved 15% compound annual sales growth from fiscal 1990 through fiscal 2020
- HEICO achieved 20% compound annual cash flow from operations growth from fiscal 1990 through fiscal 2020

Pages 4 through 7 help frame the Committee's decisions by displaying the net sales and net income growth for the past thirty years and the Total Shareholder Return which investors who held HEICO shares would have experienced over the past three years and the past thirty years (which includes the time since current management took office). This strong performance is a factor in the Committee's decisions.

Key Compensation Views

What the Committee Believes

- Compensation policies should be simple and clear for the Company, its shareholders and our executives
- Complicated compensation methods designed to encourage or discourage specific actions are more likely to lead to unintended adverse consequences than they are to yield successful overall results
- A fair and transparent compensation policy builds trust between the Company and its executives, which, in turn, fosters an ethical and honest business culture

Thus, the Committee focuses on the following three clear objectives

- Compensate our executives fairly
- Motivate our executives to honestly and ethically grow our Company's profits, cash generation, revenues, and market capitalization over time, not just in the short term
- Retain our executives while ensuring our ability to attract new ones as needed

Compensation Approach Details

- Follow a "common sense" approach to compensating our executives

(1) Total Shareholder Return is the change in share price, as adjusted for stock splits and stock dividends, and all cash dividends, assuming reinvestment of those dividends in our Company's shares.

- Not based on theory or ornate concepts derived from academic study
- Derived from the Committee members' many years of actual business and practical experience in which they had to design compensation for their own employees
- This approach and historical judgment have been very successful for HEICO, with the Company experiencing significant growth over a very long period and usually meeting its shorter-term goals each year
- Both long and short-term performance are important
- The Committee applied the same judgment in 2020 as in prior years

HEICO's success and the Committee members' continuous interaction with the named executive officers are overriding factors in the Committee's compensation philosophy. Over approximately 30 years, the Board of Directors and Committee members worked with almost all the named executive officers and, a period in which, the Company's sales grew from just over \$26 million in fiscal 1990 to approximately \$1.8 billion in fiscal 2020, while our net income from continuing operations grew from just below \$2 million to approximately \$314 million in the same period. Further, our compound annual growth rate in net sales and net income have equaled 15% and 18%, respectively, since 1990. **During this time, our shareholders benefited significantly, as a \$100,000 investment in HEICO stock at the time current management took over operation of the business became worth approximately \$44.9 million as of October 31, 2020.**

Important Considerations and Important Management Characteristics

During this lengthy period of strong performance, the Board of Directors and the Committee became well acquainted with each of the named executive officers and observed the following characteristics about our management team, which strengthened our trust in them and serves to confirm our judgment of how they should be compensated.

- Loyalty to the Company, including times when such loyalty harmed the executives' short-term personal interests
 - For example, during downturns, the executives favored continued substantial investment in research and product development, including during the Pandemic, which had the effect of reducing their own potential short-term compensation, so that the Company would experience better medium- and long-term growth
 - During the Pandemic, our executive officers requested that their salaries be reduced
 - In prior downturns, which were all much milder than the Pandemic, our executive officers insisted on foregoing planned salary increases or bonuses
- Management has been careful to maintain conservative debt levels to ensure the Company's ability to finance acquisitions and growth, and to sustain unimpeded operations during times of severe global distress, such as the Pandemic when numerous commercial airlines filed for bankruptcy, but HEICO maintained a strong balance sheet
- Our executive officers developed an ethical and honest culture based on serving our various stakeholders, which is known among our Team Members as the "HEICO Family" culture
 - As an example, even during a very challenging business year, HEICO made its typical full contribution to all eligible Team Members' 401-K retirement plan accounts at a time when many other companies reduced or eliminated them
- Executive officers should feel they are being rewarded and recognized properly for their efforts and for their contributions to our Company's growth

Other Important Factors We Consider

- Current management holds a significant financial stake in the Company
- Alternate personal business opportunities which our executives could easily pursue
- Amounts and types of compensation which other companies pay to their executives
- General economic conditions
- The complexity and risks of the executives' current jobs

- Stability from management's longevity, which benefits employee and customer retention and which secures the HEICO Family culture

Compensation Elements

The Committee consistently breaks executive compensation into the following four primary categories:

- Base Salary
- Bonus
- Stock Options
- Retirement-Related/Long-Term Compensation

Further, we believe it is appropriate to allow executives certain modest perquisites as discussed later in this CD&A.

The Committee considers Base Salary, Cash Bonus (which is referred to as Non-Equity Incentive Compensation Plan in the Summary Compensation Table), Retirement-Related/Long-Term Compensation, Director Fees, Insurance Benefits and other perquisites to be cash-based compensation.

Determining Compensation Levels

- **Independent, third party consultants utilized**
 - The consultants retained by the Committee are independent
 - They raise no conflict of interest concerns because they provide no other services to HEICO or its executives

The Committee utilizes independent third-party consultants to help us benchmark our compensation views against those of other companies. The consultants were selected based upon their historical use by the Committee and the Committee's satisfaction with the consultants' work product. Steven Hall & Partners provided our benchmark analysis of executive base salaries and bonuses paid to executives at other companies with some important characteristics similar to ours. The consultant's benchmark was comprised of fourteen manufacturing companies, each with at least one significant characteristic similar to one of HEICO's, such as revenues, market capitalization, profits or industry. The aerospace companies used in the benchmark analysis were: AAR Corp., Aerojet Rocketdyne Holdings, Inc., Barnes Group, Inc., CAE, Inc., Cubic Corp., Curtiss-Wright Corp., FLIR Systems, Inc., Hexcel Corp., Moog, Inc., Teledyne Technologies, Inc., TransDigm Group, Inc., Triumph Group, Inc., ViaSat, Inc. and Woodward, Inc.

Fulcrum Consulting provided the Committee with advice regarding the HEICO Corporation Leadership Compensation Plan (which is further discussed below) and provided the Committee with advice on benefits policies generally and conducts actuarial studies for certain benefit plan contributions.

- We do not believe that benchmark studies should be the only, or even the determinative, consideration, though they are helpful in providing partial fairness tests for both our Company and its executives and they help us evaluate whether our compensation methods are at least comparable to those of other companies
- HEICO's Board of Directors and management focuses on our profitability, cash flow from operating activities as defined by generally accepted accounting principles ("Cash Flow") and market capitalization in the belief that these ultimately drive shareholder wealth, rather than by our revenues or number of employees relative to other firms
- The Committee incentivizes profitability, Cash Flow and market capitalization growth
- Benchmarking studies frequently relate to a company's size in revenues or employment, instead of its profitability or profit margins

If we were to exclusively follow benchmark studies, we would pay our executives not for the Company's income, but principally for its revenues and staff size. We believe that would be flawed because it would not incentivize our management to focus on the factors which we and they believe to be important, such as Cash Flow, net income, profits and margins, company culture, product line breadth and long-term focus. When we consider the benchmark data, we believe that our executive management team should be compensated in the higher percentile of companies reviewed because of the factors discussed above in this CD&A. The Committee continues to reserve discretion on whether or not to utilize and interpret the benchmark data. We also note that benchmark data can be flawed due to circumstances unique to other companies in a "peer group" and because there are no companies which exactly match the total mix of HEICO's products, size and financial characteristics.

Base Salary

To help reduce the impact from the Pandemic, the executive officers' base salaries were not increased during fiscal 2020. The Committee determines base salary by considering:

- Growth in our sales, income and Cash Flow
- Historical pay levels
- Our business's complexity
- The benchmark analyses previously discussed
- The need to offer a base salary competitive with other income generating opportunities which executives might have
- We also consider the fact that there are other elements in compensation which the Company does not offer to our executives and the compensation elements we do offer which are discussed below (e.g., bonus and retirement/long-term compensation amounts)

Bonus

No bonuses were paid to Laurans A. Mendelson, Carlos L. Macau, Jr., Eric A. Mendelson or Victor H. Mendelson for fiscal 2020. At each fiscal year's outset, including fiscal 2020, our executive officers present to the Board of Directors a financial goal or budget for the year. Generally, the Committee believes that Messrs. Mendelson (Laurans, Eric and Victor) and Mr. Macau should receive bonuses equal to roughly 130% of their eligible compensation if the Company meets a budgeted, meaningful growth goal. In 2020, the bonus required 15% net income growth, which the Company was on track to achieve through the end of its first quarter results, but was unable to achieve due to the Pandemic's extreme impact on many of the markets we serve.

- Bonuses are paid for net income growth
- 15% net income growth over fiscal 2019 was required for the named executive officers to receive their target bonus
- A minimum of 5% net income growth over fiscal 2019 was required in fiscal 2020 for our named executive officers to receive any bonus whatsoever
- Fiscal 2020 bonus was to have been **reduced by 5.1% for every 1% that net income growth was less than 15%**, but bonus was to have been **increased by only 2.3% for every 1% net income growth was above 15%**, subject to a limit representing roughly 190% of the named executive officer's eligible compensation
- In order for the named executive officers to earn any bonus in fiscal 2020, **HEICO's net income had to grow by more than two times the United States' Gross Domestic Product (GDP) 2019 growth rate**

The Committee feels bonuses should be scaled to provide for partial payment if the minimum threshold is met, but the full target is not met, so the Company's incentive compensation plans provide for this. We also believe that a larger bonus should be paid if the full target is exceeded; the bonus arrangement provided for such a formula along with a cap on all bonus potential.

Our goal is to provide incentives to management to meet both short and long-term objectives, to be competitive with other income generating opportunities our executives might have and to treat them fairly at all times. We note that our executive officers requested that they receive no bonuses in periods where financial performance failed to meet budgeted goals, even if we grew significantly during the relevant period.

Before setting targets, the Committee also reviews benchmarks and other data provided by our compensation consultants. The Committee also considers the fact that numerous other management-level employees at HEICO are offered bonus opportunities equal to 100% or more of their eligible compensation if their operations meet certain targets and the Committee likes the consistency of this approach.

In December 2019, the Committee established minimum and maximum target bonus levels for four of the named executives for fiscal 2020. Our net income target for fiscal 2020 was \$377,080,400, a 15% increase over fiscal 2019 net income. Recognizing that any increase in net income deserves recognition, but that lower than targeted net income deserves less than the targeted bonus, the Committee reduces the bonus from target by 5.1% for every percent that net income was below the target. Conversely, if net income were greater than targeted, the executives' bonuses could be increased by approximately half of the rate by which the bonuses decrease if net income were below the target, or 2.3%, for every percentage point increase in actual net income above the targeted amount. Please see our "Grants of Plan-Based Awards" table below for our threshold, target and maximum rewards levels under the HEICO Corporation 2018 Incentive Compensation Plan (the "2018 Plan").

TABLE OF CONTENTS

Our actual net income in fiscal 2020 was \$313,984,000 versus targeted net income of \$377,080,400. Accordingly, since our actual net income was below the targeted amount—despite the fact that the reduced performance was occasioned by a pandemic beyond management's or the Company's control and that the Company fared better than many within its industry, non-equity incentive compensation was not paid to the named executive officers. The targets were not changed during the year.

Additionally, during fiscal 2020, the Committee approved a cash incentive award for HEICO's Chairman of the Board and Chief Executive Officer, Laurans A. Mendelson. Under the aforementioned cash incentive award, Laurans A. Mendelson would receive a fixed amount of \$738,000 cash should our fiscal 2020 net income increase over our fiscal 2019 net income. As previously mentioned, our actual net income in fiscal 2020 was less than our fiscal 2019 net income and therefore the cash incentive award was not paid to Laurans A. Mendelson.

Stock Options

- Though stock options align the shareholders' and option holders' interests because the option holders do not receive any gain from their options unless the shareholders experience a gain resulting from HEICO's share price increase, the Company did not grant stock options to any of the executive officers in fiscal 2020 due to economic uncertainty from the Pandemic, with the exception of Steven M. Walker, who received a grant of 6,500 stock options prior to the Pandemic in December 2019.

Retirement-Related/Long-Term Compensation

- We believe our employees, including the named executive officers, should generate retirement funds to ensure that they are not focused on alternative business activities to supplement their incomes
- We want HEICO to remain competitive with compensation offered by other employers
- We wish to demonstrate good faith to our named executive officers by proactively offering them benefits which are typical in the industry or common among benchmark companies before they have to ask for them
- This fosters an environment of mutual trust between the Board of Directors and our employees, including the named executive officers, and serves to enhance the HEICO Family culture
- As has been the case in past years, federal tax laws limited the permitted benefits in 2020 to our named executive officers in our 401(k) Plan to a matching rate that was actually less than most of our other employees. Accordingly, our named executive officers were prevented from receiving the maximum percentage benefits available to many other employees under the 401(k) Plan

Since 1985, HEICO has offered its 401(k) Plan to nearly all of our U.S. employees, including our executive officers. As of October 31, 2020, approximately 5,500 current and former employees participated in the 401(k) Plan. Under the 401(k) Plan, employees may elect to defer a portion of their cash compensation into an account within the 401(k) Plan. The amount each employee defers is then matched at a certain rate by HEICO in cash or HEICO stock. Based upon recommendation by management, the Committee approves the matching rate that each of our subsidiaries contributes and the full Board ratifies that rate.

In 2006, the Board approved the HEICO Corporation Leadership Compensation Plan (the "LCP"), which is a nonqualified deferred compensation plan that conforms to Section 409A of the Internal Revenue Code. The LCP is currently available to approximately 350 HEICO employees (and to the Board members). It provides that the participating employees may contribute a portion of their compensation to the LCP and that HEICO will match salary contributions at a specified fraction of each employee's salary contribution. The matching rate is established by the Committee and ratified by the Board of Directors. In addition, the Committee and Board of Directors retained discretion to contribute additional amounts to each participant's account in the LCP. As was the case in the prior years, in fiscal 2020, we made the contribution set forth in the compensation tables corresponding to the named executive officers in an effort to "catch up" for retirement benefits not paid to them prior to fiscal 2007. The recommendation from our compensation consultants utilized in part to determine benefit levels were based on the years of service to HEICO by the executives, their ages and their statistically estimated proximity to retirement. Based upon the recommendation of the Committee's compensation consultants, the contribution to the account of Laurans A. Mendelson was substantially larger than those paid to the other named executive officers as a result of his age and years of service.

Perquisites

Most of our named executive officers and certain other executives who utilize their automobiles, at least in part, for company business have been offered either automobiles or automobile allowances. This practice has been in place for approximately 31 years. To the extent that they use their automobiles for non-company business, they receive a personal benefit which is reported as a taxable benefit. In addition, we pay for life insurance for some of our named executive officers consistent with past practices.

The Committee benchmarking analyses and the Committee members' own experience have led the Committee to conclude these types and amounts of perquisites to be appropriate and customary for executive officers with many other companies.

Management Involvement

It is the Committee's practice to have our Senior Executive Vice President and our Chief Executive Officer work with our compensation consultants to verify benchmarks on other companies' practices and, where appropriate, provide updated suggestions for compensation methods. The Committee relied on the independent compensation consultants and management to finalize the benchmark indexes and to exchange information. The Committee then studies and analyzes such information and directs involved management to provide further information as needed, but the Committee retains all discretion over compensation of the Company's named executive officers, as well as the hiring or termination of all consultants.

Other Compensation Issues

Although approximately 42% of the named executive officers' compensation was long-term (which consists of stock options, 401(k) Plan and LCP compensation), because the Committee believes it should apply its own judgment and sense of fairness in setting compensation levels, it does not use set formulas to allocate between long-term and currently paid out compensation. The Committee applies this philosophy to the breakdown between cash and non-cash compensation in order to maintain flexibility to incentivize and recognize management based upon their qualitative interactions with us and other shareholders.

What We Evaluate in Setting Policies and Making Compensation Decisions

- Cash Flow
- Net Income
- Operating Income
- Revenues
- Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA")
- Whether the company met both quantitative and qualitative goals
- Management's ethical conduct and adherence to our HEICO Family culture
- Management's adherence to corporate policies
- Management's efforts
- Management's work ethic
- Our reputation with various stakeholders
- Difficulty in managing the business
- Our historical performance
- Whether failure to meet any goals was the result of completely external factors or management errors
- Economic and other external conditions
- Acquisitions
- Other considerations deemed important from time-to-time

Given the Company's consistently strong results and the fact that we were able to observe the executives during that time and before that time, we believe that these items above were favorably impacted by the executives and this played a role in our compensation decisions.

Because we want to encourage all of our executive officers to work together as a team and to discourage them from considering their contribution individually, we do not exclusively consider each executive officer's contribution to our performance or otherwise attempt to break out a value for it. We do not specifically analyze the relationship between compensation of our executive officers and other employees (which

is sometimes referred to as “pay equity” analysis). We have “clawback” policies which require repayment of compensation as is required by law or regulation. Given that we have not had to restate results of which prior compensation decisions were made, our policies do not extend beyond those contained in laws or other regulations regarding compensation adjustment or recovery. In the event that such a situation does arise, the Committee believes it has adequate remedies and will address it in accordance with applicable laws or regulations as it determines appropriate at that time. The Committee does not separately consider how much compensation amounts are realizable from prior compensation; however, those are factors which the Committee views in the total mix of information when setting compensation. The Committee does, however, consider the impact that our accounting policies have on our overall performance in both cash utilization and accounting terms.

While the Committee considers that our named executive officers hold and have held significant amounts of our stock for decades, we do not require them to own a specific amount of our stock. Our policies direct that members of HEICO’s Board of Directors should purchase HEICO shares equivalent to approximately 63% of their annual Board of Directors retainer. Three of our named executive officers are members of our Board of Directors and all of them have followed that policy. The Committee views ownership of HEICO shares as a commitment to the Company and believes that it should be encouraged.

The named executive officers who also serve on the Company’s Board of Directors receive compensation for their services as Directors commensurate with the independent directors. We believe that this policy, which has been in place for approximately 31 years, is appropriate given the risks and efforts attendant with service on the Board of Directors.

Compensation Risks

Management and the Board of Directors, including the Compensation Committee, consider and discuss the risks inherent in our business, as well as the design of our compensation plans, policies and programs that are intended to further our business objectives. Given the nature of our business, and the material risks we face, we believe that our compensation plans, policies and programs are not reasonably likely to give rise to risk that would have a material adverse effect on our business. We also believe that the mix and design of the elements of our executive compensation do not encourage management to assume excessive risks. Our compensation programs and decisions include qualitative factors which restrain excessive risk taking by management.

Anti-Hedging Policy

HEICO does not have any formal practices or policies regarding the ability of its employees, officers and directors to engage in hedging transactions relating to HEICO stock.

The following report of the Compensation Committee does not constitute soliciting materials and should not be deemed filed or incorporated by reference into any filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate the report by reference in any such filing.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by item 402(b) of Regulation S-K. Based on our review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Proxy Statement and be incorporated by reference into the Company’s Annual Report on Form 10-K for the fiscal year ended October 31, 2020.

Respectfully submitted by the Compensation Committee of the Company’s Board of Directors: Mark H. Hildebrandt (Chairman), Julie Neitzel and Dr. Alan Schriesheim.

- (1) To help reduce the impact from the Pandemic, the Named Executive Officers' Salaries reflect a 20% pay reduction from May 1, 2020 to October 31, 2020. Salary includes amounts deferred by the Named Executive Officer pursuant to the HEICO Corporation Leadership Compensation Plan, a non-qualified deferred compensation plan available to numerous eligible employees, officers and directors. For more information on this plan, see "Non-qualified Deferred Compensation," which follows below within this Executive Compensation section.
- (2) Amounts stated represent the value of option awards granted to the Named Executive Officer based on the grant date fair value of these awards and are the amounts we will likely recognize as compensation expense over each award's vesting period, which will likely differ from the actual value that may be realized by the Named Executive Officer. The fair values of the option awards were computed in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718. The assumptions used to value these awards are set forth in Note 11, Share-Based Compensation, of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended October 31, 2020.
- (3) Represents amounts earned by achievement of performance goals during a specified performance period and consists of payments made under the HEICO Corporation 2018 Incentive Compensation Plan (the "2018 Plan") as described within "Grants of Plan-Based Awards," which follows below within this Executive Compensation Section.
- (4) There were no above-market or preferential earnings on deferred compensation.
- (5) Amounts principally represent Company contributions to the HEICO Corporation Leadership Compensation Plan, which generally vest over a four-year period and are generally paid at retirement. See the following table titled "All Other Compensation" for an itemized disclosure of this compensation.

(1) Annual life and medical insurance premiums paid by the Company.

(2) Participation in the HEICO Savings and Investment Plan is available to substantially all U.S. employees of the Company.

(3) For more information on the HEICO Corporation Leadership Compensation Plan, see "Non-qualified Deferred Compensation," which follows below within this Executive Compensation section.

(4) Personal use of Company's vehicle provided to the Named Executive Officer. The Company reports the personal use of such vehicles as part of each Named Executive Officer's compensation.

(5) Our Named Executive Officers personally use the Company's aircraft, facilities, and from time to time, use tickets for entertainment and other events for personal purposes, and receive occasional secretarial support with respect to personal matters. These perquisites and other personal benefits in aggregate, however, do not exceed \$10,000 for any of our Named Executive Officers.

In March 2018, our CEO, Laurans A. Mendelson, our Co-Presidents, Eric A. Mendelson and Victor H. Mendelson and our CFO, Carlos L. Macau, Jr. (in each case, the "Lessee") each entered into a Time-Sharing Agreement with the Company which provides that each of them can lease, for personal or non-business purposes, an aircraft that is possessed and operated by or for the Company. Under these agreements, each Lessee prepays the Company twice the aggregate incremental cost of each flight. The aggregate incremental cost, which is determined by applicable Federal Aviation Regulations consists of: fuel, oil, lubricants and other additives; travel expenses of the crew, including food, lodging and ground transportation; in-flight food and beverage expenses; hangar and tie-down costs away from the aircraft's base of operations; insurance obtained for the specific flight; flight planning and weather contract services; passenger ground transportation; landing fees, airport taxes and similar assessments; and customs, foreign permit and similar fees directly related to the flight. The Company retains sole discretion to determine what flights may be scheduled by each Lessee and, under the agreement, the Company's prior planned use of the aircraft takes precedence over each Lessee's non-business or personal business use. The arrangement helps to offset the cost of the aircraft when it is not being used by the Company. As there is no incremental cost to the Company for the use of the aircraft by the Lessees, no amount has been included in the Summary Compensation Table with respect to such usage. Occasionally, a spouse or other guest may accompany one of these executives when they are using corporate aircraft for business travel. As there is no incremental cost to the Company for the spouse or other guest accompanying the executive on a flight, no amount has been included in the Summary Compensation Table with respect to that usage.

Grants of Plan-Based Awards

The 2018 Plan was approved by our Board of Directors and shareholders in fiscal 2018. The 2018 Plan authorizes the Compensation Committee of the Board of Directors to select participants, designate performance periods, authorize performance awards that may be earned by achievement of performance goals during the performance periods, and set the other terms of performance awards. The following table summarizes certain information with respect to grants of awards to the Named Executive Officers of the Company under the 2018 Plan for fiscal 2020.

(2) Value realized is equal to the fair market value of the Company's common stock on the exercise date, less the exercise price, multiplied by the number of shares acquired.

Non-qualified Deferred Compensation

The HEICO Corporation Leadership Compensation Plan ("LCP") was established in fiscal 2006 and is a non-qualified deferred compensation plan that conforms to Section 409A of the Internal Revenue Code. The LCP provides our eligible employees, officers, and directors the opportunity to voluntarily defer base salary, bonus payments, commissions, long-term incentive awards and director fees, as applicable, on a pre-tax basis. We match 50% of the first 6% of base salary deferred by each participant. While we have no obligation to do so, the LCP also provides us the opportunity to make discretionary contributions to a participant's account. The discretionary contributions generally vest over a four-year period and are generally paid at retirement.

Steven M. Walker	LCP	30,425	9,127	76,180	(188,133)	1,241,648

- (1) Includes discretionary contributions of \$1,586,000, \$493,000, \$526,000 and \$426,000 to Laurans A. Mendelson, Carlos L. Macau, Jr., Eric A. Mendelson and Victor H. Mendelson, respectively. Amounts also include matching contributions of \$32,511, \$20,102, \$28,555, \$28,555, and \$9,127, to Laurans A. Mendelson, Carlos L. Macau, Jr., Eric A. Mendelson, Victor H. Mendelson, and Steven M. Walker, respectively. The aggregate of these contributions is also reported in the column titled "Company Contributions to HEICO Corporation Leadership Compensation Plan" in the "All Other Compensation" table which supplements the "Summary Compensation Table."
- (2) These amounts are not "above-market" or "preferential earnings" and therefore are not reported in the "Summary Compensation Table." The earnings in the LCP for each executive officer reflect investment returns that were generated from self-directed investments by the executive officers of all amounts in the plan held for those executive officers, including contributions by both the Company and the executive officers in the last fiscal year and prior years.
- (3) Of these aggregate balances, which reflect any aggregate withdrawals/distributions, the following amounts were reported as compensation to the Named Executive Officers in the Summary Compensation Tables in our previous proxy statements beginning with the fiscal 2007 proxy statement: Laurans A. Mendelson \$14,940,387; Carlos L. Macau, Jr. \$4,455,323; Eric A. Mendelson \$7,462,901; Victor H. Mendelson \$6,958,140 and Steven M. Walker \$174,782.

Potential Payments Upon Termination or Change in Control

As of October 31, 2020, the Company had the following lump sum payment obligations, under the LCP as described above, to its Named Executive Officers upon a change in control or termination: Laurans A. Mendelson \$31,728,602; Carlos L. Macau, Jr. \$6,347,200; Eric A. Mendelson \$11,732,868 and Victor H. Mendelson \$10,761,636. As of October 31, 2020, the Company's payment obligation under the LCP to Steven M. Walker upon a change in control was \$0 and upon termination was \$1,241,648.

The unexercisable (unvested) options held by the Named Executive Officers as detailed in "Outstanding Equity Awards at Fiscal 2020 Year-End" would become immediately vested and exercisable upon (i) a change in control of the Company, (ii) the liquidation or dissolution of the Company, or (iii) any reorganization, merger, consolidation or other form of corporate transaction in which the Company does not survive or the shares are exchanged for or converted into cash or securities issued by another entity, or an affiliate of such successor or acquiring entity, unless the successor or acquiring entity, or an affiliate thereof, assumes the option or substitutes an equivalent option or right pursuant to Section 10(c) of the Company's 2018 Incentive Compensation Plan, (each, an "Acceleration Event"). As of October 31, 2020, the value of this acceleration to the Named Executive Officers upon an Acceleration Event was: Laurans A. Mendelson \$1,113,600, Carlos L. Macau, Jr. \$4,247,109, Eric A. Mendelson \$8,838,355, Victor H. Mendelson \$8,838,355 and Steven M. Walker \$414,157. The value of the accelerated vesting of the unexercisable options was calculated by aggregating the difference between the closing price of the applicable share class as of October 31, 2020 and the exercise price of such unexercisable option multiplied by the number of options for the applicable share class.

CEO Pay Ratio

Pursuant to Item 402(u) of SEC Regulation S-K, we are required to disclose the ratio of the compensation of our Chief Executive Officer to the compensation of our median employee during fiscal 2020. During fiscal 2020, there was no change to our employee population or compensation arrangements that we reasonably believe would significantly affect our pay ratio disclosure. Additionally, there was no change in the circumstances of the employee identified as the median employee in fiscal 2018 and 2019. Based on the aforementioned and in accordance with Item 402(u) of SEC Regulation S-K, we used the same employee that we identified for this purpose last year.

To calculate the annual total compensation of our median employee, we identified and calculated the elements of such employee's fiscal 2020 compensation in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. Based on the aforementioned methodology, we determined that the fiscal 2020 median total annual compensation of our median employee was \$50,240. As reported in the Summary Compensation Table, the fiscal 2020 annual total compensation for Mr. Mendelson was \$2,941,765 resulting in a pay ratio of 59:1.

Our pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (Proposal No. 2)

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the shareholders of HEICO may cast an advisory and non-binding vote at the Annual Meeting in relation to the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with Section 14A of the Exchange Act. The Company's practice, which was approved by its shareholders at the 2017 Annual Meeting, is to conduct this non-binding vote on an annual basis.

This proposal is set forth in the following resolution:

RESOLVED, that the shareholders of HEICO Corporation approve, on an advisory basis, the compensation of its named executive officers, as disclosed in this proxy statement, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, and any related material disclosed in this proxy statement.

As described more fully in the Compensation Discussion and Analysis, the Compensation Committee believes that our compensation policies, which set forth clear and simple objectives, will yield the best results.

Our objectives are:

1. Compensate our executives fairly;
2. Motivate our executives to honestly and ethically grow our Company's profits, cash generation, revenues, and market capitalization over time, not just in the short term; and
3. Retain our executives and have the ability to attract new ones as needed.

Our executive compensation program's success is evidenced by the Company's strong growth and financial performance for over 30 years commencing in 1990 when the current management team took over the Company's operations. Our sales from continuing operations have grown from just over \$26 million in fiscal 1990 to approximately \$1.8 billion in fiscal 2020, representing a compound annual growth rate of approximately 15%. During the same period, we improved our net income from just below \$2 million to approximately \$314 million, representing a compound annual growth rate of approximately 18%. We also note that, during this time, our shareholders have benefited significantly, with a \$100,000 investment in HEICO at the time current management took over operation of the business becoming worth approximately \$44.9 million as of October 31, 2020, representing a compound annual growth rate of approximately 23%.

Further, our executive officers have acted in good faith and insisted, without any external requests, on significant salary reductions during much of the Pandemic until the business outlook improved.

Our executive compensation program is structured to align the interests of our executive officers (some of whom are significant Company shareholders) with those of our other shareholders and to fairly reward them for creating shareholder value and for achieving our business objectives. The Compensation Discussion and Analysis set forth on pages [21](#) - [27](#) of this Proxy Statement explain our successful compensation philosophy in great detail.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" APPROVAL OF THE COMPENSATION FOR OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT IN ACCORDANCE WITH SECURITIES AND EXCHANGE COMMISSION RULES.

FINANCE/AUDIT COMMITTEE REPORT

The following report of the Finance/Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate the report by reference in any such filing.

The Finance/Audit Committee (the “Audit Committee”) of the Board of Directors is composed entirely of five non-employee directors. The Board of Directors has determined that each member of the Audit Committee is “financially literate” and “independent” in accordance with the New York Stock Exchange’s listing standards and that Mr. Schwitter is an “audit committee financial expert,” as defined by the Securities and Exchange Commission (the “Commission”).

The Audit Committee’s purpose is to assist the Board of Directors in fulfilling its responsibility for overseeing the quality and integrity of the Company’s accounting, auditing, internal control and financial reporting practices and other duties as directed by the Board of Directors. The Audit Committee’s full responsibilities are set forth in its formal written charter, which is available on HEICO’s website at www.heico.com.

Management is responsible for the Company’s financial reporting process, including establishing and maintaining its internal control over financial reporting, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company’s independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an audit in accordance with standards of the Public Company Accounting Oversight Board (the “PCAOB”) and for expressing an opinion as to whether those financial statements are, in all material respects, presented fairly in conformity with accounting principles generally accepted in the United States of America. Deloitte & Touche LLP is also responsible for expressing an opinion on the effectiveness of the Company’s internal control over financial reporting based on its audit. The Audit Committee is responsible for monitoring and reviewing these processes, acting in an oversight capacity relying on the information provided to it and on the representations made by management and the independent registered public accounting firm. The internal auditors are responsible to the Audit Committee and the Board for testing the financial accounting and reporting control systems and such other matters as the Audit Committee and Board determine.

As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed with management the Company’s audited financial statements as of and for the year ended October 31, 2020 and discussed with Deloitte & Touche LLP the matters required to be discussed by the applicable requirements of the PCAOB and the Commission. The Audit Committee received the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the PCAOB regarding the independent accountant’s communications with the Audit Committee concerning independence. The Audit Committee discussed and considered the independence of Deloitte & Touche LLP with representatives of Deloitte & Touche LLP, reviewing as necessary all relationships and services which might bear on the objectivity of Deloitte & Touche LLP. Deloitte & Touche LLP was provided with full access to the Audit Committee to meet privately and was encouraged to discuss any matter it desired with the Audit Committee or the full Board of Directors.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company’s audited financial statements be included in its Annual Report on Form 10-K for the year ended October 31, 2020, for filing with the Securities and Exchange Commission.

Respectfully Submitted by the Finance/Audit Committee of the Company’s Board of Directors: Frank J. Schwitter (Chairman), Adolfo Henriques, Mark H. Hildebrandt, Julie Neitzel and Dr. Alan Schriesheim.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal No. 3)

The Finance/Audit Committee has selected Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 31, 2021. Deloitte & Touche LLP has served as our independent registered public accounting firm since 1990.

Shareholder ratification of this selection is not required by our By-laws or otherwise. However, the Finance/Audit Committee and full Board of Directors are requesting that shareholders ratify this appointment as a means of soliciting shareholders' opinions and as a matter of good corporate governance. If the shareholders do not ratify the selection, the Finance/Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Finance/Audit Committee, at its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines such change would be in the best interests of the Company and its shareholders.

One or more representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting on March 19, 2021. The representatives will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions from shareholders.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING OCTOBER 31, 2021.

Principal Accounting Firm Fees

The following table presents the aggregate fees billed to the Company by Deloitte & Touche LLP during the fiscal years ended October 31, 2020 and 2019:

	2020	2019
Audit fees ⁽¹⁾	\$3,106,971	\$3,107,467
Audit-related fees	—	—
Tax fees ⁽²⁾	174,775	136,589
All other fees	—	—
	\$3,281,746	\$3,244,056

(1) Audit fees consist of fees billed for services rendered for the annual audit of our consolidated financial statements, the audit of the effectiveness of our internal control over financial reporting, the review of our condensed consolidated financial statements included in our quarterly reports on Form 10-Q, and services that are normally provided in connection with statutory and regulatory filings or engagements.

(2) Tax fees consist of fees billed for tax advisory services principally pertaining to certain transfer pricing analyses.

Pre-approval of Services Provided by the Independent Registered Public Accounting Firm

The Finance/Audit Committee has adopted a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. The Finance/Audit Committee will consider annually and, if appropriate, approve the scope of the audit services to be performed during the fiscal year as outlined in an engagement letter proposed by the independent registered public accounting firm. For permissible non-audit services, management will submit to the Finance/Audit Committee, at least annually, a list of services and a corresponding budget estimate that it recommends the Finance/Audit Committee engage the independent registered public accounting firm to provide. To facilitate the prompt handling of certain unexpected matters, the Finance/Audit Committee delegates to its Chairman the authority to approve in advance all audit and non-audit services below \$10,000 to be provided by the independent registered public accounting firm if presented to the full Finance/Audit Committee at the next regularly scheduled meeting. The independent registered public accounting firm and management will routinely inform the Finance/Audit Committee as to the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval policy and the fees incurred for the services performed to date. All services provided by Deloitte & Touche LLP for fiscal 2020 and 2019 were pre-approved by the Finance/Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Finance/Audit Committee advises the Board of Directors regarding potential transactions between the Company and any of its directors or officers, and reviews them under a standard that the terms of any such transaction should be no less favorable to the Company than would be obtained from an unrelated party. The Finance/Audit Committee and the Board of Directors have not adopted specific procedures for such reviews and consider each transaction in light of the specific facts and circumstances presented.

Eric A. Mendelson's son, David Mendelson, is employed by the Company and received total compensation of \$140,924 during fiscal 2020. During fiscal 2020, his principal responsibilities were as Operations Director of the Company's Air Cost Control USA subsidiary ("A2C"). His base salary was reduced by 20% during the period when HEICO's Corporate staff's base salary was reduced due to the Pandemic and for an additional two months after the Corporate staff's compensation was generally restored. He was the only A2C employee to have his salary reduced during the Pandemic, but he volunteered for an extended salary reduction in order to show leadership and due to his other duties for the Corporate office. Eric A. Mendelson is a director and executive officer of the Company.

In the Pandemic's early days in March 2020, there was a shortage of alcohol-based hand sanitizer and sanitizing wipes appropriate for manufacturing environments and which were necessary for safe facility operation. Numerous company subsidiaries were unable to obtain these items through their supply chains and requested urgent HEICO corporate assistance in doing so. At the Company's request and for the purpose of assisting HEICO during a crisis, Mirandy Products, LLC, a specialty performance chemical company of which Victor H. Mendelson's daughter, Lindsey Mendelson, is the President and part-owner, temporarily altered its product offering and supplied these items to the Company until all subsidiaries could obtain sufficient supplies from other sources. The prices paid by the Company for these products were favorable to HEICO, being less than the price at which the Company later was offered similar items by other parties when supplies became more available and were sold to the Company at lower prices than Mirandy sold them to third parties. The aggregate amount of all purchases from Mirandy in fiscal 2020 was \$168,197. Victor H. Mendelson is a director and executive officer of the Company.

On July 13, 2020, a delinquent Form 4 was filed for Dr. Alan Schriesheim to report one transaction.

SHAREHOLDERS SHARING THE SAME ADDRESS
